CAMPUS QUOTES

What do you think of Reagan's arms deal with Iran?

By Tim Rowe

Debbie Morrison
Senior
Finance

"I think it was a contradiction of his earlier efforts to stop terrorism. If he was going to do it, he should have been more open with the American people."

Katie Cross
Senior
Political Science

"What deal?"

Walter Wallace
Lecturer CSUC
Industrial Tech

"I would not have done what he did. I do not think it was fair to give Iran an edge over Iraq."

Mitzi McMillan
Senior
English

"The Iran arms deal is just another covert act against communism in the Middle East and Central America. This country is supposed to operate as a democracy, yet an elite group such as the NSC can take illegal action without regard to the populous. If we value democracy, we have an obligation to demand honest, legal operations from our government. President Reagan is responsible for this scandal. He was wrong if he was aware and approved the illegal action; if he wasn't aware of it he should have been. Ignorance is one small step from impotence!"
