The Smith has been built to excite, refresh and inspire.

Named in Honour of P.S. Kunoni, on whose land the Hotel stands, the Hotel opened its doors in 2009 and is a reflection of the African architectural renaissance that has swept through the region.

Located on the edges of the countryside and on the perimeter of the growing Nairobi City , The Smith has got 73 rooms which include Standard rooms, Smith Superior rooms, Honeymoon suites & The Smith Presidential suite.

The main restaurant happens to be one of a kind with its ambient arched high-roofed room that converts into a refreshing club house in a seamless way.

Set with a deck level swimming pool, the lush gardens are a refreshingly unique feature of the hotel suitable for picnic outings, weddings, team building activities, cocktails, parties, kids events and other social functions.

The Smith offers state-of-the-art banqueting and conferencing facilities with an assortment of meeting, function and board rooms.The entire hotel has free Wi-fi.
