The impact of elder financial abuse is profound. While abuse can come from known perpetrators like caregivers or family members, scams carried out by strangers are also a major threat. In fact, the Federal Trade Commission estimated that criminals stole as much as \$61.5 billion from adults age 60 and over in 2023 alone. With World Elder Abuse Awareness Day coming up on June 15, it's a timely reminder that we can take steps to prevent the financial exploitation of older adults. Encourage older adults in your life to add a trusted contact to their financial accounts. This person won't have access to make transactions but can be notified if there's suspicious activity or if the account holder can't be reached. Freezing credit is an important way to prevent unauthorized accounts from being opened in their name. Additionally, help reduce exposure to phone-based scams by setting up robocall and text message blockers through their mobile carriers or reputable apps.

Google to Use AI to Block Tech Support Scam Sites in Chrome: Google has announced it will use AI to block tech support scam websites in Chrome, starting with version 137. While users can already enable Enhanced Protection under Settings > Privacy and security > Security > Safe Browsing, Google will now extend this protection to all users by default, without requiring them to opt in. The on-device AI will detect scam behavior in real-time, helping stop threats that appear and disappear quickly. – *Brought to you by MalwareBytes*

CyberWyoming Alliance's goal is for Wyoming to be the most cyber-secure state in the nation. To do this, we know that cybersecurity efforts have to be local, trusted, and grassroots in nature.

***If abuse, neglect, abandonment,
intimidation or financial exploitation
of an older adult is occurring,
report it to Adult Protective Services.***

Basics of what DFS/APS can do:

- If an abuse/neglect case is reported and opened, an APS Caseworker will respond within 24-72 hours, depending on immediate danger or impending harm.
- APS is mandated by statute to notify law enforcement.
- An APS Caseworker will interview the vulnerable adult to determine the facts of the situation.
- APS works with the vulnerable adult regarding availability of community services he/she is agreeable to receive in order to ensure his/her safety.

Basics of what DFS/APS cannot do:

- APS cannot force anyone to accept help, adults have the right to refuse.
- APS cannot force anyone to reside in a nursing home, APS is committed to keeping vulnerable adults as safe as possible, in their own homes.

How to make a report:

Call (307)777-7564 or click on dfs.wyo.gov/about/contact-us/
This is a link with contact information to each community in Wyoming that has a DFS office. APS abuse/neglect reports can also be made by contacting law enforcement in the community where the abuse is taking place.
