FBI Warns of Old Router Exploits: The FBI warns that cybercriminals are exploiting outdated routers—especially those from 2010 or earlier—to install proxy services using TheMoon malware. These end-of-life devices no longer receive security updates, making them vulnerable, particularly if remote administration is enabled. The malware allows hackers to turn infected routers into anonymous proxies for illegal activity.

To protect against this, the FBI advises replacing old routers, disabling remote access, applying updates, and using strong, unique passwords. Suspected victims should report incidents to the FBI's Internet Crime Complaint Center and secure any affected accounts.

Fraudulent Health Coverage Text: A Laramie resident reported receiving a scam text from an unknown Michigan number. The message claimed to be from "Alyssa, a licensed health broker", offering special nationwide health plans outside of open enrollment and promising lower costs and better benefits. Recognizing the message as a scam, the recipient reported it, blocked the number, and deleted the message. *CyberWyoming Note: Never reply to or engage with unexpected texts from unknown numbers — block and report them instead. Responding can confirm your number as active to scammers. Always verify offers such as insurance or financial deals directly with official sources before providing any personal information.*

CyberWyoming Alliance's goal is for Wyoming to be the most cyber-secure state in the nation. To do this, we know that cybersecurity efforts have to be local, trusted, and grassroots in nature.

***If abuse, neglect, abandonment,
intimidation or financial exploitation
of an older adult is occurring,
report it to Adult Protective Services.***

Basics of what DFS/APS can do:

- If an abuse/neglect case is reported and opened, an APS Caseworker will respond within 24-72 hours, depending on immediate danger or impending harm.
- APS is mandated by statute to notify law enforcement.
- An APS Caseworker will interview the vulnerable adult to determine the facts of the situation.
- APS works with the vulnerable adult regarding availability of community services he/she is agreeable to receive in order to ensure his/her safety.

Basics of what DFS/APS cannot do:

- APS cannot force anyone to accept help, adults have the right to refuse.
- APS cannot force anyone to reside in a nursing home, APS is committed to keeping vulnerable adults as safe as possible, in their own homes.

How to make a report:

Call (307)777-7564 or click on dfs.wyo.gov/about/contact-us/
This is a link with contact information to each community in Wyoming that has a DFS office. APS abuse/neglect reports can also be made by contacting law enforcement in the community where the abuse is taking place.
