Quarterly (v. t.) a city, city, or a division of the county; a particular district. One area; as, Latin quarter in Paris. Quarterly (v. t.) is a small straight wood post, used in partitions; -- In the United States more commonly called sted. Quarter (v. t.) at one point is the fourth of the distance from each other, with a fourth of 111 15', it's about 2l 49 ' ' ' -- Called also quarter point. Quarterly (v. t.) appropriate Specific space; assigned position; Specific Place Quarterly (v. t.) a station where officers and men are stationed in battle; -- usually in the crowd. Quarterly (v. t.) accommodation or temporary accommodation; sanctuary entertainment -- usually in the depot. Quarterly (v. t.) occupied by a station or The Alytracia soldiers; Accommodation for soldiers or officers; as, quarter of winter. Quarterly (v. t.) treatment shown by an enemy; mercy, in particular, the process of living life is a victory enemy. By pushing the benefit of a dieting. Quarterly (v. t.) friendship seqtai yukta. Quarter (Bhatna. &mp; p) By Qavarter Qavartatang (PRP &mp; vb) Qawartter Qawartter (v. t). Four equal parts to divide. Dividing the qavartatire (v. t.) to separate into parts or in the letters. To provide the qavartire (v. t.) with shelter or entertainment; Specifically, to offer shelter; as, quarterly soldiers. To present the qavartire (v. t.) as a part; to share . Qavartair (v. t.) is a skotkyon to arrange for (different coat of weapons), as is the right to take arms from both a father and mother. For quarterly (v. i.) lounge; a temporary residence. Quarter (v. i.) will be between a cart to drive in order to prevent the wheel from going into the ruts, or so a rt. Qavartaiqi (N) A quarterly allowance. Quarter-deck (n.) This part of the upper deck is the mainmost backyard, including the one in it when the pop deck. The quatterfoal (n) is a ornamental folataoon having four cash, or sheets. Qavarterhong (A) which is a lie-down-to-the-axis trunnauns. -- Said about a tape. Qavartastrong (a.) is coming from a point well bean backyard, but not direct lying backward; -- said about waves or any moving objection. The quatstrong (a.) in the right angle, as the crux of a vehicle, which are in planes, configure the right angle with each other. Qavartastrong (n) a station. Qavartastrong (n) assignment of quarter for troops; quarter. The Qavartastrong (n) division of a slope consists of different coats of weapons in four or more apartments. Qavartawang (n) one of the different coats of weapons organized on a skotkyun, denoting the descent of the bearer. A series of quarter of qawartangr (n), or small direct letters. See quarter, n, 1 (m) (arc) quarter (a.) or a fourth part. As for, quarterly wetter. Rebar during quarter (a.) or at the end of each quarter; as, pay the quarter on rent; a quarterly session. Quarterly Quarter (pl.) quarter (n) a mineral work once published four times a quarter, or a year. Quarterly quarter (adv.) once a year quarter; as such, the return quarter are made. Quarter in quarter (adv.), or qavartastrong; In four or more parts; -- so said about a slope divided by the lines prepared by it at the right angle. (N) An officer who has the duty to provide quarterly, provisions, storage, clothing, fuel, stationery and transportation for a regent or other soldiers, and intends to supply it. Qavartamaramster (n) a small officer who participates in the direction of the master, such as Patwar, Bananakali, Signal, and so on. Quarterly Specifically: (a) fourth of a paint; one gill. (b) Fourth part of Thionga or one stone (14 lbs). A four pound bread rat -- also the so-called qualtern. Qavartiravon (n) one quarter; esp, a quarter of a pound, or a quarter of a hundred. Qavartiravon (n) Alt. Qavartiravon Qavartiravavan (n) of a quarsuran. The Qavartirepaka (n) is a platform of a staircase where the ladder just changes to a right angle. See The Alhapalka. Quarter goal (t) an ope. Qavartersters (pl.) is used as a long and more of The Qavartersalf Kwarterstafol (N), and a long-lasting crew already worked as defense and weapons of crime. -- So called because it was placed in the middle of a hand, and between the middle and the end. Four member group (n) Alt. A structure of the Qavartiri Qavartiri (n), performed in four parts, each by a sound or device. The Qavartiri (N) a collection of four people who perform a piece of music in four parts. The Qavartiri (n) one of the four lines closed. Fourth Degree Qartaqa (a.) Qawartalk (N) a quantity of fourth degree. See the quantity. Qwarkal (N) is a second degree in a workr or level whose equation variable. Quadtile (n) such as khokhot. The Quartvana (n) considered a single of a fourth peel, clacking from outside. Four leaves on the quadrivus (a) sheet; shape dispersal or size. Actually, a book of fourth size of the fourth sheet of printing paper; one-size leaves; in current use, a book of a square or approximately square form, and generally of larger size. Qavartaradgi (n) Qavarteragi. A form of quartz (N) is stuck, or silican di-oxide (SiO2), located in the misdice crystal, which is generally boring and transparent, but sometimes yellow, brown, purple, green, and other colors. It also has different crypocurrencies in the color and transparency degree, sometimes in form, due to the mamn. Quartzafrous (a.) consisting of the speciality of the quartz; Consisting of quartz. Quartzite (n) massive quartz continues as a rock; There is a metamorphesad. --Name also Quartz Rock. Quartzvad (n) A form of crystal normal with quartz, 2 6-turn-per-umd, consists of base base. Quartzzosi consists of, or likelike, quartz; nature or characteristics of the sacrament. Quartzvzosi (a) Qavarzosi. Qavartzi (a) Quartzzusi. Quas (n) one type of beer. The same as The Quass. Quaschi (n) Alt. Qasja Qasja (n.) brown coat. See Coati. Erasing (n) the same as the scouth. The parenthesis (bhata. &mp; p) erasing by The Quashang (PRP&mp; vb) Erasing (v. t). To finish, finish, Or make zero. As for, to erase an allegation. To erase (v. t.) to defeat or to beat in pieces; to force the dash. To be run over. To destroy (v. t.) to run; To sit back and press completely; to wipe out a rebellion. Erase (v. i) with noise, to be ploughed or dashed. Quashi (n) a Negro of West Indies. (as if though; As it was; In a way meaning or degree; to get some similarity, the person is used as a attribute, or a preview with a name or a attribute; an extraordinary agreement, an agreement that adjuhes a process, as a contract. An extraordinary corporation, a body that has something, but not all, of the specific attributes of a corporation; A minor argument, which is, or is used as, an argument; Semi-historical, seemingly historical, is to be apparent historical. Quasamyud (n) First Sunday after Easter; Low Sunday. Quass (n.) is made by a thin, fatbeer, shed hot water on the real or by those who eat and give it the sin,--much used by the Russians. (n) of the work of the people or by way of a plough. The Cossis (n) order several of samarabia as the unnatural American treaswood, cosion samara, and samarba amara. It is severally bitter, and is used in medicine and sometimes as an alternative to hop inginto beer making. Quassin (n.) extracted the bitter principle of the cosis, as a white crystal matter: -- Already quassite Quat (n) a puffy. Quat (n) a disturbing, inexperienced person. The Quad (VT) is a good one. To satisfy. The Quanta (n). Quattaqa (A). Flat. Quater is a cousin within the first four degrees of cousin (n) family. Four-day By four, or in sets of four. (a.) later, or later, third; post third; as, arabi age, or age of human being. Arabai (n) No. 4. Arabai (n) Arabi age, period, or stay. View geology chart Quateranati (a.) consists of, or organized in, sets of four; arabic as, quateranati leaves. Quattairaaon (n) No. 4. Quattiraaon (n) four parts, a set of things, or a human being; four things taken collectively; four words, sentences, situations, facts, or a group of kind. Quattirabun (N) Four courses of word; one, Qudarsalilabali. Quatternaaon (n.) of two-factor gasim, or two of the right lines in space, dependent on four sadatomy elements, and algebraic number is considered as a presabali by a natural symbol of form. Quattiranaon (v. t.) to divide into quattiranas, files, or companies. Quaternatny (N) No. 4. As four people of Quattiranaon (n), one in the Union. -- According to the taahheed a.f. See Quateraon (N)2d Qavaratiravon. A poem of 14 lines; A sonnet. In the game of 'Qatoori', Four Akas, Kings, Queens, Kanawas, or Ten. So it is said because the qatoris are counted as fourteen points. Quattathann (N) four lines closed alternately fun. Quattana (n) Card, dying. Or The Damanu, four locations, or The Peps Quatrifwalli (n.) Alt. The same quaterterof as quatrifal quatrifal (n). Qawato and (n) a four-member group; -- the role of the applicable specially the Abarat. See Quave (n) Wave. Quave (v. i.) Waving (n) See Qaagramari. The leharana of The Qawawarab (Bhatna. &mp; p.) Wane (v. i.) especially, to wawe sound; to wawe sound with a sharp or steady set of ness or, in addition, to a music instrument, with a sound on the wave- ing sound (VT) of the quavarvas. Wave(n) a shack, or a loud and loud, or musical instrument. Lehararuna (n) an eighth note. See 8th. Qawawarar (N) one who is Aqwaras; A warbaler. (n) A mole, bank, or, formed by the sea, or toward a port, to facilitate the river, or other N.A.V. wave, loading and unloading rivers. (V. t) To present with The Quays. The quayage (n) landed. Qayyad (p. bitar ka. Q(N) put a half-slow. Queach (n) a hench, wild plot; a disgusting. Queach (V.) to move the str. See immediately, v. i. Kweiahi (a.) as a threshing or a hearty earth, the production under foot; moving while blending. The qaqahi (a) like a queach; A wild man of a wee. (n) a woman; a young or an unmarried woman; A girl. (n) A less female. One . A slut. Easily (adv.) in a queasily manner. The state of Queasiness (n) is being simplyv. Mutali Qualamashness Squiquimasansis (a) sick in the stomach. Affected by the mattii . Vomiting; (a) The supple irritable delicately disturbed easily; unappointed non-permanent. Quebec Group (p) is among three groups in which Canadian-era stones are divided into the American lower-slot system. View geology chart A chitapanocanuc tree (spadospereus carbachru); In addition, its rind, which is used as a tefrigrue, and for dyspnra lung for it, or for sacrosanctomy; --So-called white carbachru, to separate it from red carbachru, the peel of a Maxican anadarciaucus tree (Lupitrigium lutozon) is called for similar characteristics. C.E. (n) Saffer. (v. i.) Alt. The quick kaek (v. i.) is a word in the corrupt passing of bacon articles, and perhaps to move meaning, to increase. The wife of a king (queen). The Queen (n) is a woman who is independent of the kingdom; a female kingdom, as if, Elizabeth, queen of England; Mary, queen of the Scotts. The Queen (N) is distinguished in a woman's power or attractions. Most of its kind; as a queen in society. -- Also used cities, countries, etc. The Queen (N) fertile, or fully prepared, women of social bees, chinti and demic. Queen (N) the most powerful, Most important, except king, piece in a set of a set. Queen (N) a sports card tolerates a queen's image; as, queen of squares. Queen (n) a male gay, esp. One who is effeminate or clothed in women's clothing. Queen (v. i.) to act as a queen part. The Queen's Queen Queen (PRP&mp; vb.) queen (V) (Bhanaad) (Bhatna. &mp; p.) to make a queen (or other piece, at the player's voice) by moving to the eighth row; as, a well-known queen. The Concraft (n.) craftor expertise in policy on a queen's part. The role of the Queen or the Kingdom of Qaindaaom (n). (n) A California scananof food fish (Sarupais Polatus). The back is aquatic, and the sides and abdomen light silver. The so-called fish is also called. Kainahvud (n) State, Personality, or Queen role; Kaunalanis kainingan (n) several types of apples, summer kainingan, red kainingan, and early qinaning. An apple named Qinaning was cultivated in England 200 years ago. The quality of the skin-analysis is a queen, and the attractions or strength among women. (a.) appropriate for being, or a queen, such as a queen. One of the two suspend publications with the roof, or one of the other frame forms of similar appearance. See king post. The queen's majesty is the queen. Queens Land (nat) an Australian tree (Makamaya termia) It is about an inch in diameter, and contains a single round edible seed, or sometimes two hemasarachal seeds. So in Australia, Queensland is called. A form made with Queen's Letters; Form of a Rani Post. In differences with what is common or common; Something strangely different from what is common; strange as the singular weird serious, a symmerating story or act. Smylyngik (A) mysterious; As suspicious, a symmerating transaction. Smylyngik (n) Fante money. (a) but sameliengic; Something single. The Qaeral (adv.) in a symlyngic or strange manner. A condition of being a quranis(n) quality or a symmerating. Qwest (n) European Rangdovi (i.e. ABN BUS); Coshte. (N) A pot of drink. See The Quaqaqa. The quicent (a.) see the odd one. To be a strong man. Q. Qantasi (n) See Qantasi. &mp; Pressing (v. i.) to die of The Pressing Quelling (PRP-suppressing vb.) &mp; (Snare). Pressing (v. i.) and being light. For production; To finish. To take the life of pressing (v. t.); To kill (v. t.) The lord of the lord, to put down. Press (v. t.) stick. To sit down. To be tiding . Due to production or end; as, suppress grief; And the suppression of the spirit . Suppress (n) murder. Qayylalaar (n) is a murderer. As, Jack Vishal Qalalaar. (n) one which is a quallus; Which has more than one option or subobligations. A thou for the neck. Qalagichusi (n) a gunaa; a kakakshao. Quami (v. t) &mp; i.) Please. (a.) Rahim. To extinguish the extinguishing (VT) by the extinguishing arm (PRP&mp; vb) Be overcome . To eliminate; -- From flame and fire, to burn things, and to light up and to the light of emotions. As if to extinguish the flame. To extinguish the wax ing. Love, hatred, etc. to quenenth the thirst. Quenning (v. t.) to cool suddenly, as the hot steel in the matter. To be extinguished (v. i.) out; to go out; to be calm or cool. The quanchabali (a.) is the ability to be outfoa. The eunuciate of being a person, or who is a queen.. Aniantatwashly Fire or anger. Quoenelle (n.) is a kind of delicate forkmyat, usually used as a dish for selavari and itself or for garnishing. A way of training trees or shrubs in the form of a shink or palm by tying the branches and trim (quanuwalli training). Related to The Quraqaanaa (a.), or Desagtang, a yellow bromof amovs substance as found in the oak peel and a tanax acid. The quorkaty (n) a white crystal substance, Found in c6H7 (oh) 5, acorns, the fruit of the oak (coorcous). It has a sweet taste, and is counted as a panitak weed. The Quorcatan (N) is being distributed quite widely in a blue crystal material, vegetable empire, such as apple tree peel, horse chestnut leaves, etc., but has actually been achieved by the analysis of the quorcatan. Also called Melaten. The quorcatan (n.) is extracted from the peel of the oak (coorcous) as a glucosidai, a bitter lying-yellow crystal substance, used as a workaran and called the quorcaturvan. The Qurkatravon (N) the Inland Peel of a large forest growing from The Corcos Tanktora, American Blackwick, Yellow Blue, The Wick of Diyar, or The Qurkatravon Wick, a large forest tree man. The Qurkatravon (n) The Qurcatran, used as a warnick. See The Qurkatran. A ginus of trees set up by The Corcos (n) Ok. Look, ok. Carly (n) complaint in court. See, a complainant(n) A plaintiff. Demand (n) a joia. The Quormunavos (A) complaint is appropriate to complain. Demand (n) complaint or complaint. The person who asks the inquiry, or questions. Smelt or tail Query (v. t) Linen To round the baroror air; to the kundli; As, to demand a bones, threads, or a receipt. Demand (n) a kundli; One linen As, the hair swell on the front leg of a blooded horse. (n) the mill for grinding grain, which was converted by the top stone; -- Used before the invention of winds and water-water water. (n) Internal or body clothes were collected. See Cuerpo. A tiger. Qur'aqadoli (n). (N) A redo; with each other. The Quarulantal (A) Nandik. Nandik (v) given to the dispute; Argumentative. Suitable for finding fault suitable for finding fault; sickness complaint; going to Barbarana. The nandik man or the people . Nandik (v.) Stop coughing, a little head of sound. Questions (pl.) Query (n.) a question; To answer or resolve an investigation. Quarulation (N) A question in mind; As a doubt, I have a question about their sincerity. Question (n) to ask [?] Query (v. i.) questions as a question or sign of doubt; to inquire. Demand (v. i.) As, I question if he's right. Demand S.&mp; p) Query query (v. t.) to put questions about (VT); unquestioned; To inquire into; as, to ask for items or money; To seek purpose or reality. Query (v. t.) to solve questions; to examine questions. in doubt of the query (v. t.) query; It's related to inkradatoi. Against the query (v. t.) query (Q., qq., or?), as a suspicious gesture, or feeling, in a proof. See the exception. Qisal (n) Long Poonchle, or Didipiman, Travagon (Phromachkos mocinno, formerly Travagon Resplandans), native to southern Mexico and Central America. He said, The kwetzal and golden tregoon. The quest process of searching for a query, or after something; trying to find or obtain; Search as acquisition, to rovo in search of games, a lost child's property, etc. Request of Quest (N); Desire Motivation. Quest (N) took people who search or inquire collectively, Quest (n) Reversion; Punch of Reversion. To search for quest (n); Check. Quest (v. i.) to go on a search; To search; to go in the chase; Beg A gistant (n) one that run a quest; a salk. One of them who wants . A salk. Question (n) the process of asking; inquiry inquiry as, to examine by question and answer. Question (n) Discussion; So, the debate, objection; as conflict doubt, the story is true out of question; He obeyed without question . Question (n) examination regarding a decisive outcome; Investigation, especially, a judiciary or government investigation; in addition, examination under torture. Question (n) which is asked; enquiry query sought. (n) Therefore, the subject of inquiry, examination, or debate; subject of enquiry; Be asked in case; as such, a delicate or questionquestionable. Question (n) Conversations; Conversation Speech Conversations. Question (P.P.&mp;vb. n.) of question; Question (n.) To ask questions; Enquiry (n) to discuss; to communicate; For controversy. Question (v. t.) questioned; Inspection by the inter-rogatoris; as such, a witness to question. in doubt of the question (v. t.); To be uncertain. To question. To raise a question about the question (v. t.). To call into question; To make objection. To speak to the question (v. t.); To communicate with. The condition of the state or objectionable. (a) accepted inquiry; invite, or invite to appear, inquire, objectionable (a.) responsible Question question or be called to question; Sandia suspicious. Qistonabulliosis (n) standard or as objectionable, suspicious, or doubtful. The qistonable (adv.) in a remarkable way. (a) enquiry; ask questions; Testing. The astifamy (n) one who makes his business to find after Oshish and take them about the sale. A questioner who asks questions; a joia. Qistonast (n) a saire; a joia. A candidate for the qistonist (n) honor or degree which is near the time of his examination. Unquestioning; Ankoravos Adkalam (a.) is questionable or questionable; The lareb of course. A legal to look for a particular cases from the Qistan Q

point or a tub distribution for writing made by Sharpanaing; similarly, history is the proper subject of its pen. Pen (n) the spine of the hej-hage or the spine of the zuse. Pen (n) a suicide pen. See the pen. Pen (n) plyctom with which musicians attack the wire of certain instruments. Pen (n) tube of a music maker. The pen (n) is the form of some pen (n.) a put or simple form of a pen. Pen (n) as a salate or wood, on which the threads to the left are wound in a spher. Pen (n) a hollow spout. Quilled (bhak. &amp; p) Pen Quilling (PRP&amp; vb) by pen pen (v. t). I'm going to get impeachment Cylinder radgas, called quillings. As, do an atu pen. Pen (v. t) as a pen, thread or soon. The quallaia peel (a rosacucus tree peel) (the quallaaja flavor), the native of chilli. The peel is thinly-bedded, and very heavy with alkaline matter, and soap is used normally since then instead. Soap peel is also called Quillback (n) an American fresh water fish (Ictiobus/Ictiobus, Caparanos); -- also so-called carp fish, selfash, spirfaash, and sakombakk. Quilled (a) decorated with a quallas. Also, size like the quallus. The quallit (n) moshgafi; the suppherous plasma. Quilling (n), clothes,, or as a band, as a certain extent to be similar to a row of qaalas, or like the palaatid. Quilling (n) one of such a band's goal platts or floatings. The Qualit (N) contains any plant or castes of the Jains suites, the criptogamvos plants with a cluster of tall four tubed matleaves, growing from a corrn, and digging into their vast and spores edits. There are about seventeen American worshippers, usually still growing in the soil below, little water. So called by the shape of the leaves. Quillt (n) anything that is. esp, a carpeted bed cover, or a skirt wearing by women; Any cover or dress put between the cotton, etc. between two fabrics and slying them. Also, any outer bed cover. Carpet (bhatana. &amp; p;) The Quillt Carpettang (p.&amp;vb. n) can be made to slay or slay each other at the constant interval of The Quill Quillt (v. t), several folds of cloth to close and including a cloth, helper, etc. As, a coat to quill. Quillt (v. t.) as ruler, with warm soft materials, as a cloth. Quillt (v. t) to sway or slay into lines or in the petron. Carpeteer (n) one which, or joe, is a envelope. Carpettang (n) is running in the sly act or the petering, as in creating a quill. Carpettang (n) a carpet-tang fly. See fly, 2. Material used to make carpet-tang (n) envelopes. Carpettang (n) coating of the strings of the receipt for a water vessel. The kaan (n) is a European skulp (upper kolyras), used as food. Qaanaldini (n) A little bit a boring liquid, C9H6N. CH3, first achieved as a symbrane product of Al-Dehadi and aniline, and counted as a derivative of the quananolana; -- Also the so-called mital quananolana. Five-square-square Organized by Benefit. Qaanmi (a.) growing in a set of five; -- especially said by the leaves containing five booklet set at the end of a normal petawali. Quanati (n) Quanaak acid salt. The foundation of a complex natoganous related to the Quanaxawal (n.) cinnoline. Sagarjal (n) belongs to the same tribe as a stake fruit (Cedonia vulgaris) apple. It somewhat resembles an apple, but in each carpet many seeds differ. It is high-flavored hard meat, but very acid, and is mostly used for the use of the zist, jelly, and preserve Sahsanjali (N) One each Tree or shrub. Quunchi (n) Saquanansi. Also called Quansivort. Quinch (v. i.) Stir Quankonkaal () having a quunche shape. (Quankonkaal) One is the One Of the Four-Way Garden, and the other is an exterior and an entrance; The Quankonkaal Eastawashan In the manner of The Quanconcallah (adv.) or in the order of a quonche. The Qunchi (N) is an arrangement of things by advantage in a square or an icar, being placed in another middle in one of the wells; specifically, such a management of trees is indefinite, so that regular groups are formed with rows running in different directions. Quincunx (n.) is far from five signs of each other when the planets position, or 150!. (n) A quankonkaal arrangement, as a flower parts in the astawashan. See, Qankonkaal, 2. Qandikgun (n) data of an aircraft with fifteen angle, and fifteen sides as a result. Quandikumvir Quandikumwara (pl.) of Quandikumvara (pl) was one of the sheikhana college in Quandikumvir (n.) whose chief duty was to take care of sabellini books. The office of the body or the quandikumvara. Qandikouni (n) is an insuolated hydrocarbon, C15H26, of the civilian series, artificially produced as an oil liquid. A quadicallic (n) related, or desagtang, an acid of the fity acid series, which includes fifteen atoms of carbon; also called pandi-iloc acid. Quem (n) one-fifteenth part. Qandasam (n) 11th. (n) A green crystal substance set up by the Union of Quononi with Hadroquani, or as intermediate products in the lack of oxygen or sussuo-de-salinity of hadroquani. Laws (n) Canon. One Fifth Interval (N) (n) Also, sing a part with such a break. Related to, related to, or connected to, quanaak (a.), the kineand and the related compounds; Specifically, a numatorvous acid desacantang derived from the konin peel, coffee, beans, etc. as a white crystal substance. An increstalazbli al-Calyoad, with which it is isomericad, which is from the Quanasani (n) canon, from the heat process. The laws of the acalyad isomeric, and the likeness, is found in the specific castes of the kinen, which is extracted as a bitter white crystal matter. It is used as someone. The c20H24N2O2, c20H24N2O2, as a bitter white crystal material extracted from the skin of several conin(n) conin...conin...conin. Therefore, extension (med), any one of the salts of this aikaload, as the aquitay, chloreal, sulphout, etc. work as employed. Also called laws, etc. Related to quananac (a.), or Desagtang, a natogenvos acid derived as a yellow crystal matter by the oxygenation of the canon. Quanasam (n) Alt. quanasam quanasam See Kanchonsam The laws (crystal) a dying crystal (female) are artificially produced. It's isomeric with The Alisaran. Some of which are used as anti-fever, one of a series of Quadrupana (n) Nato-gnavus ada. The Quananth (n) California Salon (Onkorhenos rat); -- also said: Chowaa, King Salon, Chikona Salon, and Sakaraminto Salon. It is of great commercial importance. The Quina(n) is a type of seed sewarhol (Chanupodium quinva), used to make a meal or a cone in chilli and peru; in addition, the food is made like this. The Quananogan (n) is an unrealistic foundation of the kinanda and the associated alkaloids. Quanvedini (n.) a resinous substance achieved as products in the treatment of the conein peel. It contains a mixture of several alkaloids. The Quananolana (n) achieved as a more than one-baring liquid by a Natogamanous base, C9H7N alkaloids, bones, coal pollution, etc. It has many organic institutions, especially the bodies of specific alkaloids and related substances; therefore, by extension, a series of alcalodal grounds in which the right type of aorta is. Quanulogast (N) who has mastered the technology. The technology (n) the science that treats cinchona cultivation and its use in medicines. The Quanuni (n) is a crystal substance, C6H4O2 (also called banzucitonin), first achieved by oxidation of quanak acid and counted as a double-citonin; also, by extension, of which a series is a right kind of cynosis. Related to The Quanuwalk (a.), or Disagtang, a crystal is dissociated from some types of acid sinewed konin. An amorfous bitter glucosadi from The Quananovan (N.) Konin and other barks. The qanova is also called bitter and qanova. One of a series of complex Natoranganovas ad-da'ad sions acquired by the Union of Certain Aniline Divetus with Quananogsylana (n.) glyan or custom cetonas. (n) Based on the unrealistic basis of some of the cononid divetitus related to The Rhodizonak Acid. The Quanvel (n) is a radical who is a quanon, according to phenyl. Quancawagasam (A) fiftieth. The velvet (a.) having five angle or the angle. The Quanquartacaller (a.) is related to five subjects or points; as is the quanquartacaller conflict between The Aermanas and The Kaluanastas. (a) A collection form means five, five times, five folds; as, Qanqavedad, five darars; Qanqadanti, five toutadads. (a) from five angles; Qankadeintty (a.) Alt. The Quanaquedantid Quanaquedantid (a.) of five toutadad; as a quankadeinti pati. Quancqaffaravos (a.) organized in five vertical rows; The Pantistachos Quankwefid (a.) quickly cut about half on a medium or five-class basis; as, a Quankwefid leaf or a cravla. Quancqifoliati (a.) Alt. The quancqifoliated quancqifoliatid (a.) has five leaves or booklet. The Quancq Steely (a.) has five books. Quancialatral (a.) consisting of five Quancqilobaati (a.) Alt.
