FLOORTIME:

Steve Tiska would like to compliment the highway crew on the work they have done on Pine Hill Road. It was asked again about road signs for the Amish buggies. Betty told them that the county would be responsible for putting them up on county roads.

It was also asked about stopping a solar farm from coming into our town. Right now, we have no zoning in Masonville, but it would be very unlikely that they would want to put one in Masonville. Also, when it comes to the state, we probably won't be able to fight them, but there is no plan to put anything in Masonville.
