

**Low voltage cable solution process**

Machine Service list	Quantity	Application
13 dies Copper rod breakdown drawing machine	1	Drawing 8mm rod to 3mm
13 dies Aluminum rod breakdown drawing machine	1	Drawing 8mm rod to 3mm
61B rigid frame stranding machine with armoring machine	1	Twist 19-61 conductor from10-630sqmm copper. 10-800sqmm aluminum.
37B rigid frame stranding machine	1	Twist 7-37 conductor from10-185sqmm copper. 10-240sqmm aluminum.
630/1+6 tubular strander	2	Twist 7 conductor or steel wire from10-50sqmm
1250/1+1+3 cradle type laying up machine	1	Cabling 3-5 core insulation wire upto to 300sqmm
90 extruder machine	1	Extruding finished insulation sheath diameter 5-35mm. it is better to 50sqmm
100+120 extruder machine	1	Co-extruding double layer for finished cable diameter 30-90mm
120+150 extruder machine	1	Co-extruding double layer for finished cable diameter 30-140mm
2500 rewinding machine	1	Winding one reel to other reel

Payment:30% as deposit, the balance is before delivery

Production date: 70-150 days after receive deposit.

Price Valid Date: 30 days

Exchange rate basis: 7.00, if 6.50, the seller has the right to increase the difference caused by the exchange rate.

Installation and Warranty:

1.warranty time: One year warranty, transportation expenses of replacement of spare parts, transportation expenses ,food expenses and accommodation expenses of the engineer arriving at the buyer's company shall be bear by the buyer

2.installation:

1). The byer shall bear the cost of the round-trip air ticket for the first installation, and the transportation, accommodation and food expenses of the engineer arrives the customer's country shall be bear by the buyer.

2).Buyer should be paid not less USD 60 per day when engineer installation .

3).All the equipment and machinery, material for installation and labor, translator charge should be on Buyer's account.

5). On site commissioning times. If we can't fly, we need remote debugging via video conference.

6). Estimated installation days: 7-10 days.

3.Force Majeure

Seller and buyer shall not be liable if they can not full fill this contract by reason of natural disasters, war or other causes of accidental force, Seller and buyer should carry on fulfilling this contract when it recovers to normal situation.
