WORK EXPERIENCE

Central Michigan University - Office of Information Technology

Sep. 2019 - Present

Help Desk Manager II

Central Michigan University's Office of Information Technology provides essential technology services to enhance the learning and administrative experience of students and faculty.

- Managing day-to-day operations, serving 23,000+ users and managing 20+ students.
 - Conducting searches for, and training student employees to maintain continuity after turnover.
- Serving on the OIT Events Team, promoting internal culture development and student engagement.
 - Planning annual all-staff picnics - coordinating catering, games, other on-site activities.
- Created shared OIT Student Employment Application, collecting input from other student offices.
- Working with the Registrar's Office to support Lived/Chosen Name requests from students and staff.
- Assisted OIT collaboration with Residence Life in device registration depots.

Mid Michigan Area Cable Consortium (MAC TV)

Sep. 2018 - Dec. 2020

Video Producer

MAC TV is a public access television studio working heavily with higher education clients such as Central Michigan University, Mid-Michigan Community College, and other local partners.

- Independently produced self-contained video packages advertising educational community events.
