## Thunder valley bingo march 2020 calendar

Thunder Valley Casino Resort of California has been hard at work making \$56 million worth of additions and upgrades to its casino and hotels in an effort to help retain longtime patrons, attract high rollers across the country and stay ahead of the competition. The Sacramento Bee reports that resort officials on Friday gave members of the media a hard hat tour of construction efforts currently underway in the casino area. Among the stakes is a new smoke-free, 25,000 square meter poker room and bingo hall. The current poker room is also being expanded to offer high-limit slot games. The new poker room will have 27 tables, with convention space to provide as many as 45 tables when major tournament events are scheduled. The space will be 7,000 square meters in size and should be open by completion deadline of March 1. On March 2, the poker room will host a World Poker Tour event. The bingo room will be even bigger, at 13,000 square metres, expected to open on April 1. Players interested in the high limit slots area will find the room will house over 200 slot machines as the casino plans to add 80 more to the room. The high limit machines will have a \$1 denomination bet, but a single spin can bet a total of \$125. This area of the casino should be ready by summer, with a July 1 opening. The casino has also completed work on their 17-storey hotel, with three floors having previously been left unfinished due to the recession. The now finished trio of floors will add 111 rooms to the property. The hotel will now undergo construction to see upgrades to luxury suites. The largest suite will be 2,100 square feet in size and includes luxurious fixtures and furniture. Officials at the casino want to keep up to date with their gambling offers and provide only the best for their customers. Competition is looming with plans for Wilton Rancheria to build a tribal casino and hotels nearby. The project has an estimated price tag of \$400 million and would be in competition with Thunder Valley.
