HIMOLLA INTERNATIONAL – CHANGE YOUR POINT OF VIEW

live
let yourself fall
learn to watch snakes
plant impossible gardens
invite someone dangerous to tea
make small gestures
making friends with
freedom and uncertainty
look forward to dreams
cry at movies
swing as high as you can
do things out of love
take a lot of naps
pass the money
do it now
believe in magic
laugh more
take kids seriously
bathe in the moonlight
read every day
imagine you are under a spell
listen to old people
be happy
let go of your fear
entertain your inner child
hug trees
write love letters

A WONDERFUL SOFA AND FAVOURITE ARMCHAIR SIMPLY MAKE YOUR LIFE BETTER

For himolla, as a German based company, creating sofas for living, feeling, sleeping, lounging, breathing and reflecting, is simply a matter close to our heart. We create favourite places where you can relax both physically and mentally.

What began more than seventy years ago in a tiny workshop in Taufkirchen just outside Munich has long since become one of the largest upholstered furniture manufacturer in Europe. With about 3,000 employees and representatives in more than 60 countries worldwide, clearly himolla plays in the major league.

himolla embodies chic design with the unmistakable and recognizable style of head designer Tamara Härty. Our furniture is proudly handcrafted by choice and has earned a worldwide reputation for top quality and reliability. They incarnate ultimate comfort and technical sophistication with innovative and unique features. Finally, our entire product range is available in a wide selection of the finest leathers and fabrics to suit your taste.

JUST BE INSPIRED ON A JOURNEY THROUGH
THE REALM OF HIMOLLA PRODUCTS.

IMAGINE YOU ARE UNDER A SPELL

SIEGFRIED SOFA | ROY ARMCHAIR

Model SIEGFRIED fascinates not only with its ultra-modern design, but especially with its technical sophistication. Probably the greatest achievement of this is the wonderful combination of a reclining function with a lift-up aid, which is hidden! This unexposed function blends in into the overall appearance of the sofa suite. Thanks to the CUMUREX function, the relax position can be easily adjusted, whether electrically powered at the touch of a button or manually. Smooth and self-explanatory operation of the functions are characteristic unique features of himolla furniture. The fold-out headrests, stowable in the back when not in use, offer special visual highlights. In addition, the angle of inclination can be adjusted as required. Perfectly adapted to your very needs. With this design innovation, new customer groups are addressed - younger, more style- and fashion-conscious people who do not want to compromise on healthy sitting, exclusive comfort and first-class design.

CRY AT MOVIES READ EVERY DAY

PELICAN

The himolla PELICAN recliner will excite you. The compact low profile swivel chair easily converts into a full grown recliner chair with adjustable headrest. Simply fold up the backrest and push back to activate the recliner mechanism. It's neutral and clean design allows to match practically all room settings and will convert your home into an oasis of comfort. The chair comes with an elegant 5-arm star base which is available in three colours: elegant powder coated black, classic stainless steel and a trendy bronze powder coating. The armchair is available in two sizes.

BELIEVE IN MAGIC

The ROY armchair is a petit, comfortable single chair that can be combined with any model in our line up. Whether for sleeping, reading, watching television or simply relaxing: if you are looking for an appealing design with a high level of seating comfort, you are definitely making the right choice with the recliner ROY and sofa SIEGFRIED from himolla.

Wide selection of high-quality covers are offered as well. Thanks to our extensive range of fabrics and leathers in many different colours, 7916 can be tailored perfectly to your personal taste and to the style in your living room. The swivel cross on your single chair is designed either in anthracite or with a stainless steel finish. Functional yet user-friendly the luxury 360° swivel armchair leaves nothing to be desired when it comes to functionality. You benefit from an integrated leg rest and a - manually or electrically - adjustable backrest, amongst other things. The headrest is concealed in the backrest and can be folded out as required.

FANTASTIC DESIGN INNOVATION

CALYPSO impresses not only with its ultra-modern design, but especially with its technical sophistication. Probably the greatest achievement in this set is that of a relax function, which is so invisibly installed that it blends harmoniously into the overall appearance of the sofa landscape. This patented developmental highlight was honored with the German Innovation Award Special. Thanks to the Cumurex function, the relax position is child's play to adjust, whether electrically at the touch of a button or manually. Smooth and self-explanatory operation of the functions are characteristic unique selling points of himolla furniture.

The fold-out headrests, which can be stowed away in the back when not in use, offer special visual highlights. In addition, the angle of inclination can be adjusted and perfectly adapted to your needs. This new design innovation is very appealing to new, younger target groups, for instance younger, more style and fashion conscious customers, but who do not want to compromise on healthy sitting, exclusive comfort and first-class design.

RESOURCES

Reducing the environmental impact and improving our resourcefulness with EMAS. The EU Eco-Management and Audit Scheme (EMAS) is a premium management tool developed by the European Commission for companies and other organizations to assess, report and improve their environmental performance. EMAS ensures that all environmental concerns, from energy consumption to waste disposal and emissions, are implemented transparently and consistently. Since 1998, himolla has been an EMAS validated company.

SUSTAINABILITY

Protecting the environment and using resources wisely has always been a matter of importance for himolla: water-based adhesives, no emission of toxic substances, recycling of wood, foam and plastic waste, the use of locally harvested FSC-certified wood and solar energy are just a few examples of our environmentally friendly production process. For this reason, since 2011, himolla has been awarded the renowned German "Blue Angel" as well as the European Union's "EMAS Award".

Healthy furniture for healthy people!

The "Blue Angel" certifies that all components such as foams, leather and fabrics used in our products are environmentally compatible and sustainable. In its assessment, the "Blue Angel" looks at the entire life cycle of each product and identifies all important environmentally relevant areas, such as the use of FSC-certified wood, the consideration of recycled materials, the suitability for reuse after a life cycle.

The Blue Angel is not easy to achieve and is a government award created to protect people and the environment. When you buy products that have been awarded the Blue Angel, you have a guarantee that they meet high standards in terms of their environmental, health and performance characteristics.

HIMOLLA'S TRIPLE FIVE-YEAR WARRANTY

himolla products are of superior quality and only the finest materials are used for them.

Our many years of experience have seen us provide a fantastic service promise that goes far beyond our legal obligations. Experience, an expert handling of the materials used, exceptional product quality and regular inspections all form a reliable basis for this.

You will receive the triple himolla five-year guarantee on:

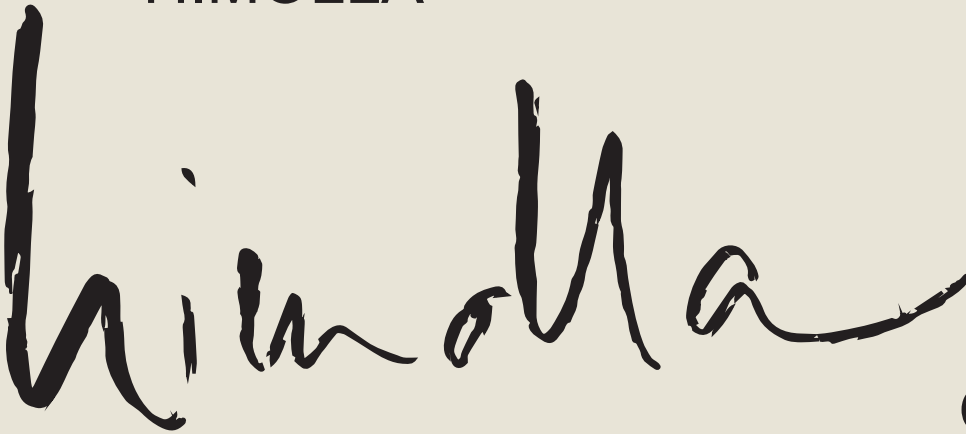

- many cover fabrics and all long-life leathers
- the padding and foams
- frames and non-moving, load-bearing parts

FIVE-YEAR
GUARANTEE

A wonderful sofa and your favourite armchair simply make life better. For himolla, as a company based in Germany, sofas you can live, feel, sleep, lounge around and reflect on are truly close to our heart. We create favourite places where you can physically and mentally relax.

GREAT DESIGN FROM HIMOLLA

What started out as a small factory in Taufkirchen has long since become one of Europe's largest upholstered furniture manufacturers, operating on an international level. himolla has been producing high-quality seating furniture with passion, expertise and the belief that we are supporting our region for seventy years. himolla stands for chic design with the striking and instantly recognisable style of chief designer, Tamara Härty. himolla also stands for ultimate comfort and technical refinement, from our functional armrests to our motorised high-tech fittings. We also offer an enormous range of planning options and exquisite upholstery materials.

The logo for himolla is a large, stylized, cursive script. The letters are thick and black, with a fluid, handwritten feel. The 'h' and 'i' are particularly prominent, with long, sweeping strokes. The 'o' is a simple circle, and the 'l' is a vertical line. The 'a' at the end has a long, horizontal tail that extends to the right.

QUALITY FROM BAVARIA

Quality; no compromises! We only use finest materials and comply with all legal requirements and more such as and guidelines from the "German Quality Assurance Association for Furniture (Deutsche Gütegemeinschaft Möbel e.V.)". We set ourselves to the highest quality and durability standards to guarantee products, so that you can enjoy your himolla products for many years to come.

Our own himolla test laboratory is a real "torture chamber". The way that our members of staff treat the upholstered furniture and materials during their tests makes this comparison more than fitting. Abrasion tests, crushing tests, strength tests and more need to undergo and pass. These rigorous tests are the only way to test the quality and longevity of the materials that we use for the production of our products, resulting in our special "triple himolla five-year" guarantee.

UPHOLSTERY

Each fabric must prove its endurance during regular abrasion tests. Each leather is tested for its durability with intensive attrition tests. The cover materials are tested in line with the strict requirements of the RAL-GZ 430 (DGM quality conditions).

SEAT PADDING

Our seat padding is subjected to endurance tests. It is compressed with a 75 kg weight up to 80,000 times to guarantee fitness for purpose.

FITTINGS

Our fittings are also tested under a continuous load. 20,000 load cycles are carried out using himolla dummies, weighing 130 kg.

FRAMES AND NON-MOVING, LOAD-BEARING PARTS

The strength test sees weights of up to 160 kg dropped onto the upholstered furniture for 30,000 cycles.

CERTIFICATIONS, SEALS OF APPROVAL AND QUALITY SEALS

You can rely on the quality of himolla upholstered furniture:

- optimum seating comfort
- ergonomic comfort for your back
- solid, handcrafted manufacturing
- high quality standards

STRATUS SOFA
STRATUS CHAIR

STRATUS ZERO GRAVITY

– is available in different configurations. As a inline single sofa in various lengths and also as a cinema sofa with wooden shelf. The trapezoidal sofa with fold-down backrest is a special feature.

It converts into a table for a particularly cosy evening for two after work. In Germany, we call it FEIERABEND. Additional zero gravity function can be specified. Here the legs are higher than the heart, so that the circulation is relieved and you can relax especially. A therapeutic and healthy posture. Wellness every moment, every day.

STRATUS EASYSWING CHAIR

– comfort in every position. In order to be able to provide the greatest possible seating comfort whatever your size and stature, the EASY SWING luxury armchair is available in two different sizes (medium and large). The electrical powered adjustable headrest ensures that you can read, watch television or even sleep in comfort by relieving the stress on the neck and promoting the relaxation of your muscles. Five different base plate options ensure an exquisite appearance.

STRATUS
ZERO GRAVITY
EXTRAORDINARY COMFORT

CUMULY ZERO GRAVITY sofa is impressive. It boasts the perfect combination of stylish design and extraordinary comfort. Manual or electric adjustable: the choice is yours! Comfortable sofa with a user-friendly reclining function. The STRATUS sofa is available with manual or electric adjustment. If you opt for the electric variant, the battery for the simple operation is located on the sofa. For the ultimate comfort STRATUS is available with electrical zero gravity function.

HIGHWAY TO ...
PEACE AND QUIET

Come to rest, listen to the sound of silence, feel the rhythm of the heart, enjoy life. The reclining sofa himolla AZURE embodies outstanding seating comfort with numerous functions and high-quality materials. It can be adjusted electrically into the reclining position. The headrest can also be adjusted electrically. In addition, the backrest, leg rest and headrest can be adjusted independently from each other. Particularly relaxing is the heart balance, where you recline the backrest and move the legs until they are at heart level. In addition, you can optionally adjust the seat tilt as well. Please also see the matching AZURE relax chair.

CUMULY COMFORT AZURE

MAKING FRIENDS WITH FREEDOM AND UNCERTAINTY

SLOW DOWN LET YOURSELF FALL

CUMULY COMFORT AZURE CURVED SOFA
AZURE EASYSWING ARMCHAIR

To achieve your personal experience to loose time and space, we strongly recommend a thorough reading of Aldous Huxley's novel Brave New World. The curved model has a fold-down central backrest that converts into a table in just a few easy steps. An external rechargeable battery, either in silver or anthracite, can be integrated into the upholstered set. An optimal addition to CUMULY COMFORT AZURE sofa is the matching AZURE EASYSWING armchair.

CUMULY COMFORT

EASYSWING

AZURE EASYSWING

AZURE EASYSWING CHAIR – comfort width and especially comfortable in every position. The recliners in the himolla EASYSWING line up impresses with their harmonious look. In particular, the narrow, upholstered side panels add a striking note to their appearance. In order to be able to provide the greatest possible seating comfort whatever your size and stature, the EASYSWING luxury armchair is available in two different sizes (medium and large). The electric adjustable headrest ensures that you can read, watch television or even sleep in comfort by relieving the strain on the neck and promoting the relaxation of the muscles. Five different base plate options ensure an exquisite appearance. The electric powered version is equipped with a magnetic mounted hand control. EASYSWING relax armchair can be equipped with an external battery, either in anthracite or in silver.

AS HAPPY AS YOU CAN

The plate or star base also allows the seat to rotate freely at 360 degrees. The soft poly-foam pad ensures a particularly soft sitting experience. Thanks to the integrated and adjustable leg rest, the lounging sensation is just about perfect. Inclination of the headrest can also be adjusted to your wish.

A woman with long brown hair is shown in profile, sitting on a red sofa. A white, textured blanket is draped over her lap. The background is a soft, out-of-focus grey.

CYGNET UNIQUE RECLINING FUNCTION FOR HOURS OF RELAXATION

This elegant sofa from himolla not only impresses with its high-quality design combined with heart balance. The patented reclining function ensures that CYGNET is perfect for quiet hours in your living room. You can lean back and read in peace or even fall asleep on this sofa. The modern back design impresses with its fold-down backrest, while the headrest adjustment has a convenient mechanism. This model is available with metal runners. Additional comfort is offered by the model in trapezoidal shape - it has a fold-down centre backrest that can be transformed into a table surface in seconds.

SOFA CYGNET

FABRIC

World leading fabric created in GERMANY

Using advanced synthetic fibre technology with unbeatable performance and maintenance, Q2 achieves outstanding resistance to abrasion, staining and colour loss. Link this to the extensive range of beautiful textures, daring designs, superb colour pallet, exemplary environment performance, and a 5 year unconditional warranty then Q2 fabric becomes a wonderful durable alternative to leather for your himolla chair or sofa. Rohleder, a new world of fabric quality, creativity and performance.

With a range of over 600 fabrics, himolla offers all the possibilities to dress your sofa and design your interior individually interior design.

finest

WOOD

In a world of man-made substitutes, natural wood is the only material that transforms a product from merely functional into truly beautiful.

Premium European beech is used throughout with the timber being fully seasoned and kiln dried. It is then shaped and finished ready for staining and lacquering by our skilled craftsmen.

Our stains and lacquers are all water based and non polluting ensuring that this element of manufacturing meets the same exacting eco-friendly standards we apply to all our production. The result is a beautiful, natural product that will give many years of pleasure and satisfaction.

LEATHER

We only use finest leathers for our products.

Most of them are categorized as LONGLIFE as they receive a unique protective layer during the tanning process that allows for easy cleaning and maintenance.

Many of the leather categories offer both “soft” and “rustic” options, reflecting the thickness of the leather and the finish. “Soft” is supple and luxurious, while “Rustic” is thicker, heavier and more granular, but still feels wonderfully tactile and soft, giving the finished product a slightly firmer character. In any case, all leathers are of excellent quality and workmanship. With different categories and over 200 colours, the consumer is truly “spoilt” in choice!

CRY AT MOVIES

CINEMASOFA ALVA

ALVA is not limited to the customization options typical of other manufacturers. It is based on a platform strategy that pushes the boundaries! The combination options are endless and perfectly match your needs and preferences. The customer can choose between numerous additions, such as integrated corner elements, open end elements, recamiere and a bed function, etc. A special highlight is the Cinemasofa with the elegant personal tables between seats.

The backrest is exceptional: you can fold it out to a very comfortable height by hand and support your legs even better. The electric recliner moves forward while the back also moves and ends in the Zero Gravity position. Customize your sofa thanks to the wide range of high quality covers and the different foot colors in stainless steel and anthracite. Individuality in perfect harmony with your living space!
