Dear Doctor Filippopoulos:

Congratulations on your latest professional achievement. By completing the Maintenance of Certification (MOC) program, you've demonstrated a continued commitment to high standards in ophthalmic practice and patient care.

A Note About Your Status:

In recognition of your recent accomplishments in MOC, you will receive a certificate valid for a 10-year period from 01/01/2020 through 12/31/2029. This certificate may be renewed via continued participation in MOC. Please keep your contact information up to date to receive more information about MOC program activities and deadlines.

Here's how to order your new certificate:

Log in to the ABO website, abop.org, to claim your two complimentary certificates. From your MOC Status Page, click "Request a Certificate" to begin the ordering process. Additional certificates may be purchased for \$30 each. Because certificate delivery takes 6-8 weeks, you may use this letter to immediately notify hospitals and credentialing agencies of your status as a Diplomate of the American Board of Ophthalmology.

Did You Know?

Completion of the ABO MOC program is rewarded by the American Medical Association (AMA) with 60 *AMA PRA Category 1 Credits™*. To claim these credits, diplomates must complete the [online form](#) and submit a copy of their certificate or a copy of this completion letter.

Sincerely,

George B. Bartley, M.D.
Chief Executive Officer
