to the scanner. If you lack the trust of random people on the internet - and I wouldn't blame you - feel free to use an online virus scanner like VirusTotal to check the file. Downloading other fixes/mods/injectors to enhance compatibility with other mods or injectors that use the DLL wrapper, this fix offers two methods for remotely downloading additional files. Note that there may still be compatibility issues between different fixes, mods, or injectors that have nothing to do with the download process. File method: Mod will download another dinput8.dll automatically if it has dinput8_Remote.dll. Simply rename the DLL that you want to download accordingly. Using this method will lead to an error if the renamed DLL itself is not dinput8.dll.Folder: mod also automatically downloads all DLL regardless of their names in the dinput8_Remote subcateh. Just create an appropriate folder in the fashion installation catalog. This is the only way to download multiple (conflicting) files.
