

Educator Profile:

Name: Dee Wastney

Suburb: Stoke

Hello, I'm Dee, I am a qualified, fully registered early childhood teacher following my passion of being an in-home child carer. I have many years' experience working in both the centre and in-home environments with babies right through to 6year olds.

I live in the heart of Stoke with my husband Nathan and our two children Liam (6) and Harrison (4) and our family pets. Our home is spacious, warm and homely and we have a great sized section too. Together they provide opportunities for children to engage in activities and challenge themselves, while feeling a sense of wellbeing and belonging and knowing their needs will be met.

I am passionate about providing childcare in our home because it allows me to use all my education and experience to provide quality care for young children in a stable, loving, trusting, nurturing and fun environment.

My style of care and education is influenced by the Pickler/RIE approach which is based on kind and respectful relationships, between the infant/child and the adult, through tender care moments, a naturally paced motor development, free movement and uninterrupted play. Emotional wellbeing in children is very important to me.

I am supported by a wonderful local company named Village Kids, owned and operated by a good friend of mine Kirstie Van Houtte. We offer competitive subsidies, low ratios (up to 4 children), and many social opportunities, outside of the home, with other educators and children. I offer a centre like program, with an extra added splash of care, in my home and our community.

If you are looking for reliable, quality care and education for your child please call me on 027 857 1041.
