Easy to read and understand. I particularly liked the section on Christ in the Old Testament. Comparing a diagram featuring characters in the Old Testament and the Lord Jesus is very illuminating and will provide excellent material for the study of the biblical text and the preparation of the sermon. -Roy Lloyd, Rose Customer Review Hurry! Rose Book Bible Charts, Maps and Timeline is an outstanding study, training and pastor reference resource for understanding biblical dates, geography, events and more. Compare biblical times and now with one look. Look inside the Temple of Tabernacle and Solomon. Compare religions. There are literally thousands of facts to enrich your Bible study, understanding and learning. Here is a sampling of the content-PublisherReview Kirkus, Discoveries - June 15, 2007 Collection of charts, timelines, lists and illustrations to accompany Bible study. This visually appealing resource provides a wide range of illustrative and textual concise references, starting with three sets of diagrams covering the Bible as a whole, the Old Testament and the New Testament. These charts cover topics such as biblical weights and measures, holidays and holidays and 12 pupils. Most diagrams use a variety of illustrative techniques to convey lessons and provide visual interest. example is how we got the Bible which the time line of translation history, the comparison of canons between denominations and portraits of important figures in the bibliographic translation, such as Jerome and John Wycliffe. The book then presents a section of maps, followed by diagrams to conceptualize structures such as Noah's Ark and the Temple of Solomon. Finally, a section on Christianity, cults and other religions describes key aspects of history and doctrine for a particular publisher rose book of bible charts volume 2 pdf
