It was released on 28 July 2008 on all Vodafone digital cinemas and Hotstar. Plot The story starts in a dream sequence of Dhamaal's father. Dhamaal is a poor Indian peasant boy who lives with his father and mother in a small town. Dhamaal's father is constantly reminded of the importance of traditions. His father believes a boy needs to be a good farmer and Brahmin priest, a devout Hindu, to get married. Dhamaal refuses to wear the Brahmin cloth and remains as poor as the day he was born, as he is more interested in chasing girls than farming. However, the anger of his father and mother brings him back to village, where his parents are angry that he spent the money on purchasing western clothes. Dhamaal does not give up his interests and leaves his village to look for work. After a brief time in the city, Dhamaal works his way back to the village, where he finds his father and mother in a friend's house and learns that they had an argument with each other because he was "making fun of the village" by returning to his village. Dhamaal then takes off for the city. While in the city, he works a variety of jobs, including as a sales representative, a gatekeeper for a large rock concert, a construction worker, a messenger boy, a mechanic, and a security guard. Dhamaal gets into a car accident with a rich boy, who is a friend of Dhamaal's roommate. Dhamaal and the rich boy survive the accident, but the rich boy dies. Dhamaal inherits a large amount of money and gets a job as a cleaner at a shopping mall. While there, he meets the rich boy's roommate, who becomes attracted to Dhamaal. He subsequently becomes a millionaire. Dhamaal becomes a millionaire and is found by his father, who is poor again, living in the slums. He discovers that his friends' families are successful and they are also living in luxury. The only difference is that they do not have the fortune that Dhamaal had. Dhamaal's friends' families have opted to stay poor, and they are the only ones that live in poverty. Dhamaal then decides to find out who is responsible for all this. He comes to understand that there is a secret organization that provides the poor with rich parents. Dhamaal travels to meet his 520fdb1ae7
