2018 and apps as well as event info for all time and times and student group info. It is possible to do a student group request, this group request would give you the registration codes to all teams for the first semester. I will only do group requests through email as I have other things to do with my time, please find the email in the image that I have posted with my name and date.

Note: this request will take a few days for processing and will be sent on weekdays, weekends may be next week, it may be more than a week and I will try to give you as much notice as possible. I use the deadline (currently 3:30) to do this and the deadline is always on Wednesdays. If you did a student group request, it is possible that the system will process them on Wednesdays, if you did a student group request on Monday, it will be processed on Wednesday. If you have a post season request, which will come after the regular season (1st year), it will not be processed on Wednesdays and you will get it on the day after you do the post season request. I do a large group request once a year in November, the deadline is Wednesday, 3:30pm. This year the deadline for the regular season (1st year) is November 1st, I will not do this again, so please do not post this request before then, it is not a good time to post. Due to the large amount of requests I get, please be patient, I try to reply as soon as I can. Hi Dave, I have an issue regarding my password reset, I do not know if you have received it in your email, but the reason I do not know is because I tried to do a reset of my password a couple of times. I did not receive it in my email account and there was no reset code in the email. I changed my password as usual but then it was not letting me log in. I would really appreciate some help with this, my current access to the EAS is quite poor. I had a post season request for 2019 as well and I do not have a password reset either. I tried to do one, but nothing came up. I had a different password from previous years. I was able to access the EAS at the end of the season without a password reset 520fdb1ae7
