<b>American Collegiate Adventures</b>	<p>www.acasummer.com            ACA is celebrating 30 years of offering the most amazing pre-college, study abroad, career exploration, volunteer, and teen tour summer programs available anywhere! From our premier U.S. programs to our celebrated international experiences, we are certain you'll love the electives, activities, adventures, and friendships that make an ACA summer truly unforgettable all while previewing college life!</p> <p>ACA 2023 Summer Programs:            Pre-College Enrichment: UCLA + Hawaii Ext., University of Vermont + Boston Ext., University of Maryland + Boston Ext., Wisconsin-Madison</p> <p>Study Abroad: Barcelona, Spain + Greece Ext., Florence, Italy + Greece Ext.</p> <p>Teen Tours: European Riviera Adventure, Hawaii + Alaska + SoCal Adventure</p> <p>Volunteer + Adventure: Costa Rica + Panama, Hawaii + SoCal</p> <p>Career Exploration &amp; Mentorship Programs: Project Endeavor Hollywood: Film + Acting, Project Endeavor Fashion, Project Endeavor Medicine, Project Endeavor Entrepreneurship</p> <p>Malibu Surf &amp; Sports Camps: Malibu Surf Camp, Malibu Soccer Camp, Malibu Tennis Camp</p>
<b>The Andrew McDonough B+ Foundation HS Leadership Program</b>	<p>www.BePositive.org            Join The Andrew McDonough B+ Foundation in leaving a legacy at your school. YOU have the power to bring a movement to your school that is focused on raising funds and awareness to fight childhood cancer while giving you and your peers an opportunity to learn leadership skills, teamwork, problem solving, and move importantly to be a part of something bigger than yourselves!</p>
<b>ARCC Programs</b>	<p>www.arccprograms.com            Since 1983 ARCC Programs has offered unforgettable travel programs for teenagers with the goal of providing unique, life-changing experiences in places rarely visited and seldom explored. During our unique programs, students engage in intimate, authentic encounters with people, cultures, and lands they visit. Students scuba dive amongst coral reefs in Belize, work with biologists in Yellowstone National Park, explore the ruins of Machu Picchu, backpack the landscape of Alaska's last frontier, or zip line through the Costa Rican rain forest. This summer, join us on an incredible adventure and experience some of the most amazing places on the planet! Immerse yourself in unique and vibrant cultures, create life-long friendships, and witness breathtaking landscapes! Where will your summer take you?</p>
<b>Barnard Pre-College Programs</b>	<p>www.precollege.barnard.edu            Experience Summer in New York City at Barnard. With distinct programs to choose from, ranging from entrepreneurship to STEM, you have the unique opportunity to explore an area of interest on a deeper level through both in-class discussions and city exploration. As part of the learning experience at Barnard, you will get a taste of both college life and the city that never sleeps!</p>
<b>Bronx Westchester Area Health Education Center</b>	<p>www.bwahec.org            Bronx Westchester Area Health Education Center (BW AHEC) mission is to address health equity challenges in the health professions through health career education, exposure, exploration and experiential learning opportunities for high school students and college students. Additionally, students from medically underserved communities are able to have access to learning opportunities for health careers.</p>
<b>Chewonki</b>	<p>https://chewonki.org            Unplugging from the pace of modern life has become increasingly rare for kids. Time away from home at overnight camp, or on an extended backcountry adventure trip allows for simple living and spending time outdoors in the natural world. Chewonki is founded on a love for ecology, wildlife, and learning about the relationship between humans and the world around us. We work with our campers to embrace authenticity, develop new skills, take a break from the ordinary and reflect on who they are, and what they want to be. Camp is a wonderful chance to grow and discover new interests with the guidance of excellent role models and compassionate counselors.</p>
<b>Columbia Climate School in the Green Mountains; Columbia Climate Corps</b>	<p>https://www.climate.columbia.edu/green-mountains; https://www.climate.columbia.edu/columbia-climate-corps            The Columbia Climate School's mission is to develop and inspire knowledge-based solutions and educate future leaders for just and prosperous societies on a healthy planet. Our Summer 2023 Pre-College Programs provide an Ivy League educational experience for high school students passionate about the environment.</p> <p>The Columbia Climate School in the Green Mountains (July 2 – July 14, 2023) is a two-week campus-based experience at Vermont State University to mobilize action, drive impact, and effect change in response to our warming planet.</p> <p>The Columbia Climate Corps opportunities are place-based field experiences through the lens of climate change. Each program is uniquely and intently structure on location-specific themes. We are offering 3 Climate Corps programs for summer 2023 in Iceland (Carbon Capture Technology, July 20 – August 1, 2023), Alaska (Climate Communication and Exploration, July 17 – July 28, 2023), Chile and Peru (Climate Impacts and Risk, July 22 – August 11, 2023).</p>

# National Summer Program Fair 2023 Exhibitor Guidebook

<p><b>Columbia University Pre-college Programs</b></p>	<p><a href="https://precollege.sps.columbia.edu/highschool/summer-immersion-new-york-city">https://precollege.sps.columbia.edu/highschool/summer-immersion-new-york-city</a> and <a href="https://precollege.sps.columbia.edu/highschool/online">https://precollege.sps.columbia.edu/highschool/online</a> and <a href="https://precollege.sps.columbia.edu/highschool/columbia-pre-college-online-writing-academy">https://precollege.sps.columbia.edu/highschool/columbia-pre-college-online-writing-academy</a> and <a href="https://precollege.sps.columbia.edu/highschool/academic-year-immersion">https://precollege.sps.columbia.edu/highschool/academic-year-immersion</a> and <a href="https://precollege.sps.columbia.edu/highschool/college-edge">https://precollege.sps.columbia.edu/highschool/college-edge</a></p> <p>Columbia University's pre-college programs are open to students in grades 9-12 who want to expand their horizons, strengthen their college applications, and meet peers from across the globe. Highly motivated, high-achieving students will study with Columbia instructors and field experts and will earn a Certification of Participation and a personalized Instructor Evaluation. We offer courses in a wide array of subject areas from architecture to AI.</p> <p>Summer Immersion courses meet online or in person (housing optional) with 1-week, 2-week, and 3-week course options. We also offer an online 2-week Writing Academy for students drafting their college application essays. Our online courses are live (not-recorded) so students get an equally engaging educational experience. Throughout the day, all students, regardless of modality or session length, may participate in extracurricular and co-curricular activities.</p> <p>Email us at <a href="mailto:hsp@columbia.edu">hsp@columbia.edu</a> for more information.</p>
<p><b>The Cooper Union Summer STEM Program</b></p>	<p><a href="http://www.cooper.edu/summerstem">www.cooper.edu/summerstem</a></p> <p>Design and engineering classes in The Cooper Union Summer STEM program are created to inspire the next generation of inventive and creative leaders. High School students in 9th, 10th and 11th can choose from a variety of topics ranging from designing extended reality apps to creating sustainable plastics to prototyping racecar components. Classes are 3-, 4- or 6- weeks; each introduces college-level concepts, skills, and projects based on the first and second-year classes taken by The Cooper Union undergraduates. Summer STEM is based at The Cooper Union Albert Nerken School of Engineering located in New York City's East Village. Financial aid and internships are available.</p>
<p><b>East Harlem Tutorial Program</b></p>	<p><a href="https://app.betterimpact.com/PublicOrganization/d6c331ff-210e-450b-8c0a-c447f8a5bd6d/1">https://app.betterimpact.com/PublicOrganization/d6c331ff-210e-450b-8c0a-c447f8a5bd6d/1</a></p> <p>EHTP seeks passionate volunteers to work with elementary and middle school students during our summer program! Our summer program runs Monday through Friday, and volunteers play a huge role in making the summer successful.</p> <p>Volunteers can choose between the morning or afternoon shifts or do full days. In the mornings, volunteers support our teachers and scholars during academic instruction. In the afternoons, volunteers support during field trips, outdoor activities, and enrichment clubs.</p>
<p><b>East New York Farms</b></p>	<p><a href="http://ucceny.org/enyf">ucceny.org/enyf</a></p> <p>From February through November, youth (High School aged, 18-21 year old) participate in our intensive internship program. They are involved in all aspects of running a 1/2 acre organic farm, and provide support to other gardens throughout East New York. Through this process, they learn about the environment, health &amp; nutrition, advocacy, entrepreneurship, and leadership.</p>
<p><b>EXPLO</b></p>	<p><a href="http://www.explo.org">www.explo.org</a></p> <p>EXPLO is a non-profit educational organization dedicated to providing K-12 students and educators with learning experiences that are innovative, active, and future-facing. Since 1976, almost 90,000 bright and curious students from 93 countries have attended our programs. A summer at EXPLO brings together students from around the globe as they chase their curiosity through hands-on courses, and in a community surrounded by exceptional peers and staff. Our three-week residential + day programs are hosted on beautiful college campuses outside of Boston and New York, and take full advantage of the resources in both areas. In our 360 programs (grades 4 - 12), students have a choice of several courses and electives to explore a breadth of subjects. In our Concentration programs (grades 10 - 12), students with an interest in a specialized field immerse themselves in real-world projects designed by experts while being coached and mentored by professionals, all while pursuing college credit.</p>
<p><b>Genesis Precollege Program</b></p>	<p><a href="http://www.brandeis.edu/precollege">www.brandeis.edu/precollege</a></p> <p>Genesis at Brandeis is a 3-week pluralistic, academically-focused Jewish learning and identity-building summer precollege program for exceptional high school students. Students engage in college-level learning, informal Jewish experiences and joyful Shabbat celebrations while making lifelong friends and living on a college campus. Join us in Boston this summer for an incredible Jewish learning experience!</p>
<p><b>Global Leadership Adventures</b></p>	<p><a href="https://www.experiencegla.com/">https://www.experiencegla.com/</a></p> <p>Life-changing travel cultivates a global perspective and open-mindedness. The goal? For our student travelers to be inspired to become great leaders and global thinkers who seek positive change in their own communities. GLA incorporates community service, immersive learning and adventure into every one of our programs as a method of lending a strong sense of purpose to student travel. Serve the community through meaningful volunteer efforts. Learn about culture, language, history or a special area of focus. Explore sites of significance along with adventure excursions.</p>
<p><b>Global Routes</b></p>	<p><a href="https://globalroutes.org/">https://globalroutes.org/</a></p> <p>Since 1967, Global Routes has led over 10,000 students around the globe on authentic, fun, and impactful service-driven programs. We offer international summer programs for high school students (ages 14-18) to locations in Asia, South America, Europe, the South Pacific, and Hawai'i. Global Routes students have the unparalleled opportunity to immerse themselves in small rural communities, develop long-lasting cross-cultural relationships, and make positive contributions that will last a lifetime.</p>

# National Summer Program Fair 2023 Exhibitor Guidebook

<p><b>Great Books Summer Program</b></p>	<p><a href="http://www.GreatBooksSummer.com">www.GreatBooksSummer.com</a> Great Books Summer Program is place of intellectual discovery...a world of literature, philosophy, great books, and big ideas. Discussion and fun! On the campuses of Amherst, Stanford, Haverford, Northwestern, Oxford, and Trinity College Dublin.</p> <p>For twenty-two years, outstanding students have come together at some of the world's most prestigious universities for the Great Books Summer Program. Led by top professors and distinguished educators and scholars.</p> <p>A chiefly residential program with some day and online program sessions, Great Books gives middle and high school students a taste of the university experience in a welcoming, safe, fun, and supervised environment. They'll be part of an international learning community enjoying a challenging curriculum, arts and literature electives, and social activities outside of class. Writer's Workshops too!</p>
<p><b>Hudson Lab Ventures</b></p>	<p><a href="http://hudsonlabventures.com/">http://hudsonlabventures.com/</a> In this two-week innovation camp, high school students will gain first hand experience in the innovation process and collaboratively design and pitch a new business, product or service that solves a challenge for an actual company.</p> <p>Working with New York venture studio Co-Created at Columbia University, students will tap into their innate creativity, problem-solving skills, strategic thinking, and entrepreneurial mindset as they learn the innovative processes of cross-disciplinary concept development.</p>
<p><b>ImpactLab</b></p>	<p><a href="https://wit.edu/admissions/pre-college/impact-lab">https://wit.edu/admissions/pre-college/impact-lab</a> ImpactLab is an innovative two-week residential summer experience for rising juniors and seniors in high school. This hands-on immersive learning program will give students a chance to explore their passions in science, engineering, and design.</p>
<p><b>LaunchX</b></p>	<p><a href="https://launchx.com/">https://launchx.com/</a> LaunchX gives top aspiring high school students the skills and mindset to start real companies. We'll train you in the innovative thinking that allows founders to create successful businesses, challenging you to take a real startup from idea to execution and impact. We enable our high school entrepreneurs with the resources and network to unleash their entrepreneurial spirit and start real companies. As the top entrepreneurship program for high school students, we understand that the value of the LaunchX experience is more than just our course materials, speakers, and mentors (though we're pretty proud of the awesome resources we've assembled). So much of the value is our students. LaunchX has an unparalleled community of top young entrepreneurs coming together each summer to start real companies. There is a need for community and innovation now more than ever. Challenges present exciting opportunities for entrepreneurs, and we look forward to seeing how you will envision the future.</p>
<p><b>LMU Summer Programs</b></p>	<p><a href="https://summer.lmu.edu/courses">https://summer.lmu.edu/courses</a> LMU Summer Programs provides a transformative pre-college experience to a selective group of boldly imaginative high school students. Located in the heart of Los Angeles, we challenge our students to creatively explore their passions and pursue a life of purpose. Available 2- and 4-week programs include engineering, entrepreneurship, film production, sports business, English literature, screenwriting, stage design, graphic design and more! Review our website for full course descriptions and additional program details.</p>
<p><b>London International Youth Science Forum</b></p>	<p><a href="https://www.liysf.org.uk/">https://www.liysf.org.uk/</a> 64th London STEM Summer Camp. The London International Youth Science Forum is held at Imperial College London, 26th July to 9th August 2023. LIYSF welcomes junior/senior student for a 15-day immersive international STEM camp, with 500 students aged 16-21 years old attending from 70 countries. Proven track safety record, all accommodation and meals provided. Nobel prize winner and top lecturers speaking, with visits to Oxford and Cambridge University labs.</p>
<p><b>McGill Summer Academy</b></p>	<p><a href="https://www.mcgill.ca/summeracademy/">https://www.mcgill.ca/summeracademy/</a> Combining academic coursework, skill-building activities and experiential learning, Summer Academy provides the opportunity to explore your academic interests and strengthen learning strategies, preparing you for a successful transition to university studies.</p> <p>During your stay, you'll meet highly motivated students from around the world and will have ample opportunity to connect with fellow participants, current McGill students and McGill faculty. You'll leave Summer Academy with new, lifelong friends and the confidence to apply to the university of your dreams!</p>
<p><b>Montclair State University's Early College Programs</b></p>	<p><a href="http://www.montclair.edu/early-college-program">www.montclair.edu/early-college-program</a> Explore your interests, discover your passion and familiarize yourself with university life while still in high school with Early College Programs at Montclair State University! Get a head start while receiving our discounted tuition rate. Reach new heights and feel confident succeeding both inside and outside of the classroom with our dedicated success coach. The road to college starts here.</p>
<p><b>MSI AHEC (Manhattan Staten Island Area Health Education Center)</b></p>	<p><a href="http://www.msiahec.org">www.msiahec.org</a> Addressing Health Equity Challenges Located in the community of Harlem, the Manhattan-Staten Island Area Health Education Center (MSI AHEC) provides health professions education, career exploration and exposure primarily for minority and economically disadvantaged high school and college students in pursuit of a career in health care.</p>

# National Summer Program Fair 2023 Exhibitor Guidebook

<p><b>The National Student Leadership Conference</b></p>	<p><a href="https://www.nslcleaders.org/">https://www.nslcleaders.org/</a>  The National Student Leadership Conference is a pre-college educational organization that prepares outstanding middle school and high school students for future careers. Through our National Student Leadership Conference (NSLC), high school students from all across the US and over 70 countries come together each summer on various college campuses to explore over 30 different careers, develop essential leadership skills, and prepare for college life. We provide opportunities to:</p> <ul style="list-style-type: none"> <li>-Explore a future career through interactive simulations, exclusive site visits, and meetings with industry leaders;</li> <li>-Develop leadership skills; and</li> <li>-Experience university campus life.</li> </ul> <p>Enrollment for the summer of 2023 is now open! Check out our website at <a href="https://www.nslcleaders.org">https://www.nslcleaders.org</a> for more information.</p>
<p><b>New England Innovation Academy</b></p>	<p><a href="http://www.neiacademy.org">www.neiacademy.org</a>  NEIA Next's three-week boarding experience delivers an immersive entrepreneurship program that is the foundation for a successful college transition. Learn entrepreneurial thinking, problem-solving, and team-building—through classes, workshops, and networking experiences taught by Babson College professors on New England Innovation Academy's unique campus. The program concludes with Rocket Pitches of innovative business ideas (products, services, solutions) with a clear market in mind. All students will receive a certificate of completion from the Babson Academy for the Advancement of Global Entrepreneurial Learning. In addition to the entrepreneurial mindset, students will learn about the college application process and experience firsthand what schools are really looking for visiting campuses, including MIT, Harvard, Yale, Northeastern, Boston College, and Boston University.</p>
<p><b>The New Jewish Home, Manhattan Volunteers</b></p>	<p><a href="http://JewishHome.org">JewishHome.org</a>  The New Jewish Home is a comprehensive, mission-driven nonprofit health care system serving older New Yorkers since 1848. The New Jewish Home, Manhattan Campus located at 120 w. 106th Street in Manhattan has a wide variety of opportunities for high school and college students to volunteer with over the summer vacation (&amp; all year long!).</p> <p>Opportunities vary and we will try our best to meet your interest. Opportunities include but not limited to:</p> <p>Recreation Assistant (Bingo, Games, Exercise, Arts &amp; Crafts, Music, Trivia, Discussion Group, Nail Spa, Garden Visits)  Library Assistant (upkeep of shelving, assisting book selections, assisting computer users)  Clerical/Office Assistant</p>
<p><b>The New York Conservatory for Dramatic Arts</b></p>	<p><a href="https://www.nycda.edu/">https://www.nycda.edu/</a>  Our 4-week Summer Intensive Training Programs are designed to give promising actors an intensive skill-building experience. Whether you are already working in the industry, studying acting in college, or still in high school, our programs are built to offer you the personalized training you need. Classes meet weekdays 9am-6pm ET. Class size is limited to 16 to maximize individual attention.</p>
<p><b>The Oxbow School</b></p>	<p><a href="http://www.oxbowschool.org">www.oxbowschool.org</a>  As the nation's only art-focused semester boarding program for high school students, Oxbow stands out as a unique educational model, situated in a beautiful setting that is conducive to fostering student growth. Oxbow is centered on a belief in the impact that direct contact with artists can have on young minds. These experiences wed intellect with passion and help many students identify the direction they will take in college and the focus of their adult lives. Students are able to attend Oxbow's semester and summer programs during their sophomore, junior, senior, or gap year.</p> <p>At Oxbow, studio art practice is not about waiting for inspiration; we believe that artists design problems and then solve them, opening up new ideas and possibilities while responding to materials that re-shape the originating question. Students leave Oxbow with a set of skills that can be reconfigured to meet the challenges of ever-changing goals and environments.</p> <p>The Oxbow School curriculum is designed to match the requirements of the nation's best public and private high schools and is as committed to academics as it is to art making. All of the courses at Oxbow are accredited, honors level, and college preparatory. The Oxbow School is a private, independent and not for profit organization.</p> <p>The Oxbow School is located in Napa, California, forty-five minutes from San Francisco, one hour from the Pacific coast, and within a few hours of exceptional state and national parks. Students enjoy an inspirational campus setting while still having access to all the amenities of downtown Napa, which is just a short stroll from campus.</p> <p>Students who attend Oxbow are transformed by their experience and leave with an exceptional set of new skills.</p>
<p><b>Oxbridge Academic Programs</b></p>	<p><a href="https://www.oxbridgeprograms.com/">https://www.oxbridgeprograms.com/</a>  Oxbridge organizes summer study programs in Oxford, Cambridge, Paris, Barcelona and New York. We offer over 150 courses taught by university teachers and professionals.</p>

# National Summer Program Fair 2023 Exhibitor Guidebook

<p><b>Oxford Royale Academy</b></p>	<p><a href="https://www.oxford-royale.com/">https://www.oxford-royale.com/</a>  Oxford Royale is a leading provider of summer schools in prestigious locations across the world. With campuses at the universities of Oxford and Cambridge, Imperial College London, Yale University and UC Berkeley, we offer a genuine taste of undergraduate life in actual university colleges and halls.</p> <p>Our choice of over 30 career-focused courses ranges from Medicine, Law and Engineering to Film, Business and Creative Writing, providing young people with the opportunity to identify their passions, make informed decisions about their future, and realize their ambitions.</p> <p>Courses are delivered by a world-class faculty of experts, including Oxbridge academics, Ivy League lecturers and industry leaders. Our learning environment is very different to a standard classroom, and brings out the best in every individual.</p> <p>Since 2004 we've welcomed over 170 nationalities, creating a global community where students develop an international network of friends, and create memories that last a lifetime.</p>
<p><b>Parsons</b></p>	<p><a href="https://cpe.newschool.edu/youth-and-pre-college/">https://cpe.newschool.edu/youth-and-pre-college/</a>  Study art and design with Parsons' world-class faculty while experiencing the creative inspiration of New York City in our academically rigorous and artistically stimulating three-week, three-credit intensive program. Our fully immersive courses are tailored to high-schoolers preparing to apply for college and feature thought-provoking skill-building project-based learning, art and design field trips, guest speakers from industry, and portfolio reviews.</p>
<p><b>PI Art Royal - Summer Camp (powered by PI Art Center)</b></p>	<p><a href="https://www.piartcenter.edu/">https://www.piartcenter.edu/</a>  Students will boost their resume, and Increase their chances of getting accepted to Ivy League &amp; Top-tier colleges.</p> <p>The PI Art Royal: High School PLUS program is designed to accelerate student achievement by awarding college credits for college-level work completed while in high school. Transfer eligible schools include: Parsons, SAIC, MICA, and Ringling College of Art and Design. Students with any future college pathway interest will benefit from this summer camp with a Super Extracurricular Activity. Non Art Major students will be prepared and competitive for Ivy League and Top Tier Universities. Art Major students will be prepared for Ivy League and Top Tier Universities and also have the opportunity to receive college credit with Top-tier Independent Art Colleges.</p> <p>Art Supplement will help all students achieve their goal. An Arts supplement is a portfolio that showcases a college applicant's skills/accomplishments in the visual a/o performing arts. Arts supplements are not required; applicants use them to showcase artistic endeavors that are hard to summarize in a written application.</p> <p>How does an Arts Supplement help students?  An Arts Supplement is a chance to display and share a hobby or talent that the college may not know that you had. In this case, it can be a great addition to your application package as a whole and add some depth in an unpredictable area. It can surely make you stand out from the crowd. All Colleges are interested in students that show a passion for an area of study whether it will ultimately become their major or not. Art Activities are unique in that they show an openness and intellectual curiosity. Students should definitely highlight this in an application.</p> <p>PI Royal HighSchool PLUS program has a great Return On Investment(ROI). With credits earned with PI students could take 1 less course for some of their semesters allowing a healthy college life prioritizing networking. PI Students could study 1 less semester with enough credits earned allowing them to capitalize on an internship. PI students that complete enough courses can study 1 less year in college and graduate early allowing them to consider a double major or having a lifelong standout resume. We have a long history of Alumni Success to schools that include: Columbia, Penn, Stanford, Cornell, Dartmouth, Tufts, Carnegie Mellon, Michigan, NYU, Art Center, CCAD, MICA, NYSID, Otis, Parsons, Pratt, Ringling, RISD, SAIC, SMFA at Tufts, SVA, FIT, NYFA, PCA, UAL and many more.</p>
<p><b>Powerhouse Theater at Vassar College</b></p>	<p><a href="https://www.vassar.edu/powerhouse/training-program">https://www.vassar.edu/powerhouse/training-program</a>  Join students from around the country by participating in this program for actors, directors and writers. Explore the boundaries of theater from the traditional to the new. By living, breathing, and creating theater with peers and professionals alike you will come away with an experience that will inform the rest of your life. Be a part of the Powerhouse Theater season, a launch pad for groundbreaking new works for the American theater, with countless productions in New York City, regionally and internationally from Eurydice to Hamilton and Doubt to The Wolves.</p>
<p><b>Pace Precollege Immersion Program</b></p>	<p><a href="http://www.pace.edu/precollegeprogram">www.pace.edu/precollegeprogram</a>  Pace's Precollege Immersion Program is a two-week program designed for rising high school juniors and seniors. <p><b>Repair the World Summer Teen Service Corps</b></p>	<p><a href="http://www.rpr.world/teensummer">www.rpr.world/teensummer</a>          The Teen Service Corps is a 3 or 6 week service learning program in Manhattan and Brooklyn. Throughout the program rising 9th through 12th graders will create an amazing teen community of changemakers, learn about social justice through a Jewish and interfaith lens, and volunteer to make NYC a more equitable place for all! Teens of all backgrounds are encouraged to apply!</p> <p>Teens volunteer at a site in the morning that works toward food, education or housing justice. These sites include food pantries, soup kitchens, tutoring programs, urban farms and more. In the afternoons teens gather for community building and interactive social justice learning. 1-2 times each session teens travel to a different area of NYC for a walking tour, museum exhibit or guest speaker. This is the fourth summer of the Repair the World Summer Teen Service Corps and we can't wait to get started!</p> <p>Session 1: June 29 - July 20th          Session 2: July 25 - August 10          *This is a 3 day per week program (Tuesdays through Thursdays)</p>
<p><b>Rosetta Institute of Biomedical Research</b></p>	<p><a href="https://www.rosettainstitute.org/">https://www.rosettainstitute.org/</a>          We offer a variety of workshops on molecular medicine for high-achieving high school and middle school students interested in pursuing careers in medicine or related fields, such as biomedical research, drug development, pharmacy or nursing. Camps are offered in summer and winter and there are online and in-person options available, including residential camps held at some of the world's best universities.</p> <p>Workshops are taught by PhD-level instructors with years of research and teaching experience. Through engaging lectures and hands-on laboratory classes, students learn normal molecular and cellular biology, and then learn how these normal processes are disrupted or distorted during the development of disease. In addition, there is a heavy emphasis on modern drug development and the emergence of the era of personalized medicine. To conclude the workshop, students use what they have learned to create an original research project on a gene or molecular process of their choice. More broadly, workshop attendees strengthen their academic skills, build their college portfolio, and explore potential career options while making friends from around the world and experiencing college dorm life in a safe environment.</p> <p>Our university-based workshops are held at UCLA, UC Berkeley and UC San Diego, and both residential and commuter options are available. Residential students are housed in on-campus undergraduate dorms and eat in campus dining facilities. Teaching assistants/residential advisors live with the students and are available to mentor and assist the students. In addition, the camp directors are on-site 24 hours/day. Overall, we maintain a student-to-staff ratio that is better than the universities require. Workshops include Molecular Neuroscience, Molecular Biology of Cancer, Molecular Biology of Aging, Molecular Immunology and Bioinformatics of Cancer.</p> <p>We also offer a lab-intensive workshop at our facility in the Bay Area. This workshop – Biomedical Research - is commuter-only and focuses on learning modern molecular biology lab techniques such as flow cytometry and fluorescent microscopy. Our online workshops include Introduction to Cellular and Molecular Medicine, Medicinal Chemistry and Medical Bioinformatics. Intro to Cellular and Molecular Medicine is our entry-level workshop that is only two hours/day. Students in the Medicinal Chemistry and Medical Bioinformatics workshops learn how to use online tools to analyze biochemical data. For students interested in doing research or working on a project for a science fair, this is a great way to get started.</p>
<p><b>Rustic Pathways</b></p>	<p><a href="https://rusticpathways.com/">https://rusticpathways.com/</a>          Rustic Pathways is an award-winning student travel operator, a groundbreaking service-learning center and a revolutionary program for student development. Founded in Australia 1983, Rustic Pathways is imbued with the ambition and vision of the explorer in the outback. This legendary history built around adventure, energy and service continues to place Rustic Pathways at the cutting edge of helping students discover the global citizen within themselves. We offer one to three-week spring break and summer experiences, Gap Year programs, and custom group trips in over 20 different countries. Across the globe, we employ local staff and foster lasting relationships with the communities in which we work, enabling our students to have immersive and authentic travel and service experiences. We empower students to make a positive impact on lives and communities around the world.</p>
<p><b>Rutgers Pre College Academies</b></p>	<p><a href="https://precollegesummer.rutgers.edu/academies">https://precollegesummer.rutgers.edu/academies</a>          The Rutgers Pre-College Summer Academies are one to two-week certificate programs designed for international and U.S. high school (secondary school) students ages 16-18. <p><b>SHAPE: Summer High School Academic Program for Engineers</b></p>	<p><a href="https://outreach.engineering.columbia.edu/content/shape-summer-high-school-academic-program-engineers">https://outreach.engineering.columbia.edu/content/shape-summer-high-school-academic-program-engineers</a> Columbia Engineering's Summer High School Academic Program for Engineers (SHAPE) is a selective pre-college program for rising sophomores, juniors, seniors, and recent high school graduates. SHAPE is geared toward students with an aptitude for science, technology, engineering, and mathematics (STEM). Each 3-week session (Session 1 is July 5 to July 25, 2023; Session 2 is July 26 to Aug 15, 2023) offers college-level, project-based courses in multiple areas of engineering taught by prestigious faculty members at Columbia University. Students engage with peers and Columbia University faculty, staff, students, alumni and industry partners through interactive programming, site visits and workshops.</p>
<p><b>Smith Precollege</b></p>	<p><a href="http://www.smith.edu/summer">www.smith.edu/summer</a> Be valued. Be inspired. Be a summer Smithie. Join our 1, 2 or 4-week academic and residential programs at Smith Precollege in Northampton, MA. Study and live on-campus with students from all over the world. Our summer 2023 courses: Creative Writing   Women, Gender and Representation   Sustainable Futures   Summer Science and Engineering Program   College Readiness Workshop. For female-identified students in grades 9-12. Our courses are non-credit, without the pressure of grades and competition. In-person classes go from 9 a.m. to 4 p.m. After that, your time is yours. In the evenings, students can take part in activities such as open mic night and improv, or attend workshops on publishing, finding an agent and creating an author website. The program offers after-class activities twice-a-day to enhance personal growth and creativity.  APPLICATIONS ARE OPEN: <a href="http://smith.edu/summer">smith.edu/summer</a></p>
<p><b>South Bronx United</b></p>	<p><a href="https://southbronxunited.org">https://southbronxunited.org</a> South Bronx United uses soccer as a tool for social change aiming to help youth build character, teamwork, and leadership so that they can succeed in high school, college, careers, their community, and beyond. South Bronx United strives to promote educational achievement, health and wellness, and character development through activities on and off the soccer field and to unite a diverse group of individuals and an incredibly diverse community toward common positive goals.</p>
<p><b>Stamps Pre-College Programs</b></p>	<p><a href="https://stamps.umich.edu/pre-college">https://stamps.umich.edu/pre-college</a> Stamps Pre-College Programs include Spring Studio classes, Summer Studio sessions, and Fall Studios and Events. Our virtual and in-person programs are offered to current high school students (grades 9 – 12) interested in building new skills for their creative pursuits and learning more about the Stamps School of Art &amp; Design.  Students will receive personalized training and advice from Stamps faculty and staff on building a competitive portfolio, in a variety of formats — virtual and in-person; after school, weekend, and residential — that will work with any schedule.</p>
<p><b>Stevens Pre-College Programs</b></p>	<p><a href="https://www.stevens.edu/admission-aid/pre-college-programs">https://www.stevens.edu/admission-aid/pre-college-programs</a> The Office of Pre-College Programs upholds the mission and values of Stevens Institute of Technology while assisting participants in finding their inspiration in STEAM or business education. Our team provides high school students with academic and social enrichment programs for participants to experience a collegiate atmosphere first-hand and understand undergraduate degree programs and professional opportunities. You may not know exactly what you want to do yet, but you know whatever it is, it's going to be big. When you enroll in a Pre-College Program at Stevens, you can explore your ideas and interests in a pressure-free, inspiring academic environment that welcomes big thinkers. Are you ready to spend your summer with like minded individuals, establishing lifelong friendships, while having an unforgettable academic experience at Stevens?</p>
<p><b>Summer at Sem</b></p>	<p><a href="http://www.summmeratsem.org">www.summmeratsem.org</a> Summer at Sem is located in northeast Pennsylvania, is proud to offer many high-quality summer programs for both day and residential students. Our programs attract students from all over the state of Pennsylvania, the United States, and the world. Our rich history as a college preparatory school and our commitment to rigorous, educational, and artistic summer program offerings makes Summer at Sem a perfect place to Embrace your Summer. Our Creative Arts summer camps provides students an opportunity to develop new skills, methods, approaches, and experiences in their craft. Our faculty are leaders in their fields and bring experiences to create environments for our students to take risks and challenge themselves. Our Creative Arts community is proud of its dedication and commitment to the arts. Please visit our website for all of our 2023 programs and details!</p>

<b>Susquehanna University Summer Pre-College Programs</b>	<a href="https://www.susqu.edu/academics/summer-pre-college-programs/">https://www.susqu.edu/academics/summer-pre-college-programs/</a> The Summer Pre-College Programs at Susquehanna showcase the university's colleges of the arts, business, humanities and sciences by offering exciting and engaging, weeklong residential workshops designed especially for high-achieving high school students. Faculty and college student mentors challenge high schoolers who want to learn new skills, improve their abilities or explore topics that can add to their college résumé.
<b>Sustainable Summer</b>	<a href="http://www.sustainablesummer.org">www.sustainablesummer.org</a> Sustainable Summer is an environmental leadership and innovation program for teens.
<b>Syracuse University Office of Pre-College Programs</b>	<a href="http://www.precollege.syr.edu">www.precollege.syr.edu</a> For more than 60 years, Syracuse University Office of Pre-College Programs has been providing high school students with the opportunity to explore potential college majors and careers in its renowned pre-college programs. Students not only learn what it's like to be a college student, but they leave the program feeling confident, enthusiastic and ready for college.
<b>Temple University Pre-College Programs</b>	<a href="https://admissions.temple.edu/summer/pre-college">https://admissions.temple.edu/summer/pre-college</a> Temple Pre-college programs are an excellent opportunity for high school students to experience what life is really like as a student at Temple University. With programs for grades 10 through 12, high school students can explore potential majors through noncredit workshops, take undergraduate courses at Temple for college credit, experience residential life on Temple's campus, and network with Temple's faculty and potential future classmates.
<b>ThrillCoaster Tours</b>	<a href="http://www.thrillcoastertours.com">www.thrillcoastertours.com</a> ThrillCoaster Tours is the world's only roller coaster teen tour. Since 2004 we have been delivering a life changing experience for teenagers throughout the world. Campers from as far as Australia, Philippines, Hawaii, and from more than 25 states in the US, have participated in this unique camp. If you're looking for a program will provide your child the opportunity to travel around the country with other roller coaster enthusiasts with the purpose of riding roller coasters, look no further than ThrillCoaster Tours.
<b>Travel For Teens</b>	<a href="http://www.travelforteens.com">www.travelforteens.com</a> Authentic teen travel programs for ages 12-18 in 46 different countries. Programs include options for cultural immersion, community service, language learning, photography workshops, and healthcare. Small group sizes of 16-24 participants, 75% solo travelers, and diverse groups provide an enriching and authentic travel experience. Programs are designed to teach teens to be travelers, not tourists, and encourage them to step outside their comfort zones and take on the world as global citizens.
<b>Tufts Pre-College Programs</b>	<a href="http://www.precollege.tufts.edu">www.precollege.tufts.edu</a> At Tufts, our Pre-College Programs offer ambitious high school students the opportunity to learn from renowned faculty a rigorous academic environment, as well as creating a network with like students from around the globe. Our programs include 1, 2, or 6 week programs spanning subjects like Leadership for Social Change, Engineering, Business, Medicine, Art, Coding, and many more. Although most options are in person, with a residential option, there are some virtual programs to choose from as well. Summer Applications are open, now through May 31, 2023, but with our rolling admissions, the sooner you submit your application, the less chance you will miss out on a spot. Visit us at <a href="http://precollege.tufts.edu">precollege.tufts.edu</a> anytime or if you have specific questions you can also email us directly at <a href="mailto:precollege@tufts.edu">precollege@tufts.edu</a> .
<b>UC Berkeley's Pre-College Scholars Program</b>	<a href="https://precollege.berkeley.edu/">https://precollege.berkeley.edu/</a> With residential, commuter, virtual, and non-credit options, summer at Berkeley has a lot to offer high-school students! Study with well-renowned faculty, earn college credit, and expand your horizons. Be part of the Berkeley community and choose from hundreds of courses in Humanities, Social Sciences, Languages, ESL, STEM, and much more! Take advantage of various extracurricular activities, excursions, and our popular exploratory workshop series delivered by skilled admissions professionals.
