

FAMILY INVOLVEMENT

Facts sheet

Meaning

Family Involvement socialization messages emphasize the importance of others in child rearing and family management. It is not limited to biological families, but can also incorporate assistance from fictive kin and larger communities.

Examples

- "It takes a village."
- Be raised by more than just your nuclear family (parents and immediate guardians/caretakers), and being told that you can find seek and receive support from more than just your nuclear family.

Benefits

Extended family involvement allows youth *and* their nuclear family to have a larger support network that they can lean on.
