Depending on your situation, highlight only those qualities and skills that will give the recruiter a look at your knowledge of education and the research sector and proves your candidacy for the position of associate professor. No matter what your current status, fresh graduate, professional expert or someone who is looking for a change in career, there is a set of professional resume format. How do you organize all the sections in the assistant professor's resume? What is the order of the sections? You'll get answers to these questions in resume format. This is a resume format for your assistant professor's resume, which will dictate which section goes, where and in what order. Therefore, there may be three possible resume formats for you to choose from: The reverse chronological format of the summary chronological resume format is the most commonly used resume format, and probably the one you are using now. As the name implies, the reverse chronological summary first points to the current position. It follows your past experience and education. This resume format highlights your latest work experience. It best meets the needs of those who want to show vertical career growth in their particular field, those who have no gaps in their work history, and those who want to be accommodated in the same or related industry. But if you've changed jobs as you change your clothes, or have significant gaps in your work history, or want to change your career path or move to a new industry, this resume format is probably not for you. Functional CV Format This type of resume format highlights your notable skills. Basically, the functional resume format throws light on your skills and qualifications. You should customize your resume to include industry keywords and qualification requirements used in job publishing. Those who have a certain set of skills that they want to emphasize should use this resume format. This resume format is also great for you if your employment history shows some years of gap, or if you are interested in changing your career and want to move to a new industry. If you don't have a heavy skillset to show or a recent graduate, this resume format won't be the right choice. Combination (hybrid) Summary Format Combination summary format of reverse chronological and functional resume formats. It offers more flexibility because it consists of a mix format. This resume format is for those who have well developed skill sets and background mixed experience and education. This resume format is right for you if you are an expert or very experienced in the field. It can also work well for you if you are doing an initiation to a new career path, or a particularly relevant skillset. To have a professionally formatted Associate Professor Summary is a cherry on the cake, but be sure to pour some quality content into your resume as well. It is advisable to spend sufficient time studying the work, and then only after due consideration to develop your resume. Choose a resume format that reflects your personality and gives you the most confidence.
