The tape presents the label's two newest signees: Washington, D.C.-born singer Ari Lennox and Lute, a rapper from Charlotte who joins Cole on behalf of North Carolina. Each artist contributes one song here, both of which are among the best on tape; Lute's Dilla-cribbing 'Still Slummin' in particular is excellent, throwing you instantly into your world and issuing plaintive, wonderfully un-cinematic notes.' Cole come, no pun is meant. Part of his success is the story of his struggle to go from North Carolina to a big city with a dream to make it as a rapper. It's a story anyone can relate to.
