

I.LIFT

I Love Inspiring Future
Talent

I.LIFT is a non-profit organization primarily catering to the Greater Dallas Metroplex. The purpose of our organization is pour into financially challenged and at risk communities to provide exposure such as career opportunities, education opportunities and a host of other community events.

Presented By Kendene Fullylove

Introduction

Good Afternoon,

On behalf of the entire team here at I.Lift (I love inspiring future talent), I would first like to say thank you for taking the opportunity out of your busy schedules to hear a portion of what our organization offers and to further discuss the opportunity to earn your business as partners.

At I.Lift we truly believe in investing in our communities so we carefully consider who we partnership with for the sake of our audience since they are Kindergarten through High School students. We pride ourselves in giving them a safe and rewarding environment. Since that is the case we understand your organization shares the same similar values for the community which is why we believe if the opportunity is allowed we can enhance both organizations while investing into our communities.

Over the years based off of our budget we have fed the homeless, hosted various workshops such as "How to Tie a Tie ", Back to School giveaways and our annual Kickball tournament which has been a community favorite.

Currently we are seeking to implement more community outreach services with a larger budget. Moving forward we would like to offer Statewide Baby Showers, Health Fairs, Food Pantries, FundRaising and more. However, with the limited funds we are naturally limited in what we can provide the community at this time, which is why we present to you today, seeking financial relief to combine our budget with your investment to continue our great efforts.

KENDENE FULLYLOVE

BUSINESS PROFESSIONAL

As an at-risk youth I truly understand the value of having a positive outlet within lower income communities. Without them many of us would not be the individuals we are today. Many of us would not have known to seek an education beyond High School.

WHAT IS AN AT RISK COMMUNITY

AT-RISK CONDITIONS INCLUDE BOTH ENVIRONMENTAL OR COMMUNITY CHARACTERISTICS, SUCH AS CRIME AND LIMITED EMPLOYMENT OPPORTUNITIES, AND INDIVIDUAL QUALITIES, SUCH AS POVERTY AND LOW EDUCATIONAL ATTAINMENT.

50%

At least 50 % of our communities are affected by not having the financial assistance to provide for their families.

MENTAL HEALTH RESEARCH

As early as 24 months, children in low-income families have been found to show lags in cognitive and behavioral development compared to their peers in higher-income families (see box for definitions of economic hardship).

UNDERSTANDING THE AFFECTS OF POVERTY

- Extreme poverty: Less than 50% of the Federal Poverty Level*
- Poverty: Less than 100% of the Federal Poverty Level
- Low-income: Less than 200% of the Federal Poverty Level

Segregated, low-income neighborhoods are associated with poorer-quality schools which means:

- Lower test scores
- No access to tutors
- Prison Pipeline

Living Conditions

Low-income and minority neighborhoods suffer from concentrated environmental hazards, including lead.

Public Housing :

Risks outside the home, such as poor air quality from nearby industrial sources or proximity to highways. And they include hazards associated with older and deteriorating housing, such as mold, pest infestations, peeling lead paint, and lead pipes.

Health Care

The health of people with low incomes often suffers because they can't afford adequate housing, food, or child care. Such living conditions, and the stress they cause, can lead to higher rates of tobacco and alcohol use and increase the risk of health problems developing or worsening over time. With the help of implementing more education workshops we would be able to educate the upcoming generations the importance of proper diet in hopes of limiting alcohol consumptions.

- Healthcare/Wellness Clinics
- Free Exercise Classes and other sporting events

-

The mind is just like a muscle — the more you exercise it, the stronger it gets and the more it can expand.

We're committed to improving the same environment that many of us were raised in to help those following in our footsteps to prosper as well. We are here to heal, help and restore. I've included a lot of detail in this proposal, because I want to make it abundantly clear that ILift is the best nonprofit that should be invested into at this time. I hope you find the research to be enlightening and consider the future of our children when determining your final decision.

In conclusion, we seek to offer with your help:

- Fix the schools
- Well balanced nutritional meals
- Health Care Clinics
- Tutorials
- Better living condition
- Employment
- Host of community events
