

[Wysa](#) is the world's most advanced AI-based digital companion for behavioral health that is a global tech leader in mental health. We are popular with employers, payors and healthcare providers due to its scalability and low cost. Being an AI based app, Wysa overcomes the stigma and privacy concerns that often prevent people seeking help for their mental health.

## Market leader with demonstrated scale & impact

## Roles & Responsibilities

**Location:** Remote, Indian Standard Time

**Experience Level:** Fresher

We are in search of a rockstar who has an eagle eye for detail, plenty of imagination and an interest in mental health. An ideal candidate will demonstrate solid understanding in creating wireframes, storyboards, user flows, process flows and site maps. Most importantly empathize with the user to keep them in the center while designing flows.

- Collaborate with cross-functional teams, including content, business development, product management and engineering teams.
- Design web, mobile and tablet friendly applications.
- Work with developers to communicate specs, ensure correct implementation and work through any problems encountered.
- Contribute to building Wysa's design system to ensure a cohesive design language across Wysa suite of products.
- Be responsible for meeting expectations and deliverables on time and in high quality.
- Create delightful micro animations to enhance the user experience.
- Present and defend designs and key milestone deliverables to peers and executive level stakeholders.
- Knowledge about information security and privacy requirements
- Ensuring overall secure SDLC compliance
- Maintain the Confidentiality, Integrity and Availability of all information or assets shared and assessed by you.
- Adhere to Wysa's security, privacy and compliance policies and procedures.
- Contribute to building continual improvement practices

## Qualifications & Skills

- 0-2 years of experience as a UI/UX designer having a portfolio demonstrating relevant work.
- Competence in Figma.
- Strong knowledge of presentation software: Google Slides, PowerPoint and Keynote.
- Demonstrable UI design skills. Ability to produce design solutions, wireframes, and prototypes.
- Ability to solve complex problems creatively and effectively.
- Ability to articulate your design work and rationale to your peers and cross-functional teams.
- Be open to receiving objective criticism and feedback, and improving upon it.
- Strong understanding and application of user-centered design methods and principles.
- A keen aesthetic sensibility, with an eye for color, typography, layout and illustrations keeping design principles in mind.

### Good to have ✨

Experience creating product demo videos

### Tool knowledge 🖋️

Figma, Google Slides, Powerpoint/Keynote

## Why work at Wysa?

At Wysa, we do things a bit differently. You won't find us stuck in the same old corporate loops of old-fashioned hierarchy and mindless monotony. Instead, you'll find us in the cyberspace (*we're a remote company*) revolutionizing traditional mental healthcare and creating the world's most advanced conversational AI for behavioral health, all while wearing a party hat via Zoom filter!

- Wysa is expanding its footprint across the world, and fast. You will play a **high-impact role** here!
- Get first-hand exposure to a global team
- Work with the Industry leaders as the founders and senior team members are from IITs, IIMs, London School of Business and have held top positions across Goldman Sachs, Pearson, Microsoft leading cross functional global teams
- We offer **flexible work hours** and a culture where you are more than just your job designation.
- We work hard, but we rest and avoid burnout at all costs. Expect a range of employee benefits and much more!

## In Their Own Words

*"My favorite thing about working at Wysa apart from the product which I love and resonate with is the people. They are warm, fun, intelligent, passionate about mental health and will drive you to do your best. Wysa let me be me and for that I'm grateful."*

- Derina D'Couto, UI/UX Designer

## Buzzwords

Google funded, VC funded, profitable, has achieved breakeven, global team, global customers, product company, Apple awarded product, Harvard research partner, Google Play Best App of 2020, supports patients through the NHS pathway, launched the Employee Mental Health Report 2023 at the WEF's Annual Meeting, Made in India, Made for the World!
