

[UN]Shelved 1.0

Typical elements of our focused plan update process for Phase 1 may include those outlined below. We first build a version to collect feedback from key stakeholders and agency staff prior to updating it for use with the broader public. Paper versions of the online tool are developed for meetings and workshops.

[UN]Shelved 2.0

Typical elements of our focused plan update process for Phase 2 may include those outlined below. We highlight the new policy framework and 4 updated elements of the plan with new maps and plans, and visual simulations. We also add polls and surveys to capture feedback on plan elements and action items.
