Chrysler Pacifica appeared as a 2017 model, at a time when other manufacturers refused or cut into minivans. It turned out to be time and money well spent: A beautiful look and refinement posted by Pacifica next to, if not ahead, of the family van package. Chrysler has made several changes for the 2019 model year. New 'S'? The look package with black accents and wheels is available on hybrid models. The new 17-inch wheels are now standard on the Touring L Plus and hybrid limited trims. The LX finish acquires automatic headlights. Several models add a heated steering wheel. There are six levels of gas-engine finish: L, LX, Touring, Touring L, Touring L Plus and Limited. Hybrid powertrain models come in three trim levels. Lighter in weight and more efficient than it used to be, the Chrysler 3.6-liter V-6 develops 287 horsepower and 262 pound-feet of torque, driving a 9-speed automatic transmission. All Pacificas have front-wheel drive. Under the hybrid hoods, the 3.6-liter V-6 mates with electric motors that makes up a gasoline/electric transmission that includes electrically variable transmission. Hybrid Pacificas are estimated at 82 MPG (gas equivalent mileage) running on electricity alone. They can travel up to 32 miles on a battery, while recharging through a fork. Chrysler offers many customized options for specific models. These include a 20-speaker Harman Cardon audio, a surround camera viewing system, and a towing package. Active safety features such as adaptive cruise control and head-on collision warnings with automatic emergency braking are also available at some trim levels. Blind zone monitors and rear parking sensors are standard. The Insurance Institute for Highway Safety gave 2019 Pacifica Good ratings in every test except for a minor overlap accident on the passenger side that was judged acceptable. Preventing head-on collisions is rated as Superior, as long as optional safety technology is installed. The ease of use of children's seats is considered marginal. The 2019 Pacifica earned the Top Safety Pick designation. Five-star crash test ratings have been published by the National Highway Traffic Safety Administration, both in general and for front-line and side impact. Only in preventing tipping was a four-star rating published. But this is the estimated figure, and tall vehicles tend to get four stars. Prices don't include a \$1,495 destination charge. The 2019 Chrysler Pacifica L (\$26,985), the base model, has a 3.6-liter gasoline engine and front-wheel drive. Standard features include fabric ups ups and downs, a third row of folding seats, a 7.0-inch touchscreen with Apple CarPlay and Auto, Bluetooth, 17-inch wheels, blind spot monitors, and rear parking sensors. The base models sit eight, with a second row bench. LX (\$29,795) replaces second-row seats for seven passengers, adding passenger seat and overhead costs Touring Plus (\$33,245) includes passive, gooly entrance, sliding side doors and liftgate, as well as satellite radio. Touring L (\$36,545) features leather seats, heated front seats, a heated steering wheel and a chrome roof rack. The Touring L Plus (\$39,395) comes with a 7.0-inch driver's dashboard, 8.4-inch touchscreen, heated front and second-row seats, and a 13-speaker Alpine audio. Limited (\$44,445) gets loud sliding doors and liftgate, three-pan panoramic hatch, 18-inch wheels, HD radio, navigation, nappa leather trim seats, second and third row folding seating, and in a van vacuum. The Touring Plus hybrid (\$39,995) comes with a 7.0-inch driver display, blind-zone monitors and sliding side doors. The Touring L hybrid (\$42,195) includes heated front seats, perforated leather ups ups and a power lift. Hybrid Limited (\$45,545) adds leather-trimmed seats, sliding doors and liftgate without loud force, as well as a heated steering wheel. Purchase Tip: Before you go to the dealership, the online price store is the first. Avoid overpayments with the following price services: CarsDirect MotorTrend Car Transactions With these services, you can: Make dealers compete for their business. Start your own online price war. Many prices are not advertised on the Internet. It's free and free. Visit Car Design, CarsDirect and MotorTrend. The 2020 Chrysler Pacifica continues the path it outlined just a few years ago. Flexible and economical, it offers a large cabin for a growing family. Drivers liked the carlike feel and parents will like many extras. There are many ways to manage Pacifica. The Gas-powered Pacifica comes in Touring, Touring L, Touring Plus and Limited Edition. The hybrid comes in Touring L, Touring Plus and Limited editions. This year only has a 35th anniversary model for each trim level. Customers should note that the former line has been changed, dropping the lowest finish of the edition. This slot was reassigned to a Pacifica spin-off known as Chrysler Voyager. The minivan has received awards from Consumer Guide, Consumers Digest and other reviewers. More importantly, it has a five-star federal safety rating. This is backed up by a Top Safety Pick designation from the Insurance Institute for Road Safety. When it was first introduced, it could claim to be about 40 original minivan features. This included a three-phase metropolis, which is available on hybrids and on limited. Sliding doors that can be controlled loud are another first. Premium ride, you only have to step up to Touring L to get a leather seat. Each level brings more and there are special packages that add color and style. Color choices include alloy, black, deep mocha, rodeo red, and toffee. There are accents in wine or gray. External colours three metallics, four pearls and three clear layers. Shades include jazzy blue, velvet red and granite crystal. Compare 2020 Chrysler Pacifica Touring vs. Touring L Trim Levels. What's the difference? The Pacificas are powered by a V6 engine. It produces 287 horsepower, which is enough for this size vehicle. The nine-speed automatic transmission will help you drive 262 lb-ft of torque. Fuel economy is 19 mpg in the city. On a highway that rises to 28 mpg. Touring L is also offered in an electric hybrid. It uses an innovative eFlite twin-engine transmission. The Pentastar V-6 gas engine ensures that the owner always has the power they need, even when the charge runs out. One side of the clutch sends torque to the wheels. The model can reach up to 32 miles on a single charge. Regenerative braking increases the length of a single charge. With a gas engine, it has a 488-mile driving range. It is estimated at 80-plus mpg equivalent. All hybrids carry a unique cellular grille. With seating for seven, passenger volume is a whopping 165 cubic feet. Teenagers on the second row won't complain about space with 39 inches of legroom and 40 inches of stock. Keeping the kids cool, there are a second row of retractable shades. Even the third row has 36.5 inches of legroom, which is two inches more than what you find in the back seat in some small cars. The 8-way driver's power passenger chair is standard. Touring L adds memory features and a full-length console. The second row seats of the Stow n Go are standard. This provides in-story storage bins when the space is in use. Third row Stow 'n go bench. Power sliding side doors help everyone in and out of the minivan. Temperature control includes three-zone automatic settings. Touring L adds Stow n Place bright side rails to handle larger cargo. The 7-inch touchscreen includes a Bluetooth phone and voice text response. By expanding what the system can do, Chrysler provides Apple CarPlay and Android Auto connectivity. The retention measures are 32.3 cubic feet, which is competitive for any three rows of vehicles. You can fold up seats to get 140.5 cubic feet of cargo space. Even if you don't want to tow, it's nice to know that you can pull up to 3,600 pounds. The driver will find many needs met in this edition. Heated side mirrors improve visibility. A blind spot monitor watches the sides. Rear crossroads alert is a good partner for a rear-view camera, especially with the ParkSense car shove system. Touring L adds retractable shades of the third row. On the steering wheel, wrapped in leather, there are sound Management. The front seats are heated. The memory of the driver's seat allows drivers to move the seat where it is needed. Premium fabric seats are exchanged for McKinley perforated leather trim. You can choose an advanced SafetyTec group and get a long list of driver drivers Functions. This includes rain sensing windshield wipers, ParkSense, Park Assist, 360-degree camera system, and adaptive cruise control. To keep the van under from harm, Chrysler includes a forward collision warning plus and a departure lane warning plus. Sweetening this deal, the SafetyTec group adds an acoustic windshield to soothe the cabin. You get larger versions of UConnect and display driver information. Compare the 2020 Chrysler Pacifica Touring L vs. L 35th Anniversary Edition finish. What's the difference? Pacificas look different when labeled a 35th anniversary edition. The exterior wears more black on the badges and grille. The interiors are all black, except for cranberry wine accents. Plus perforated leather seats are presented in the skin of Nappa and McKinley. One rear overhead DVD player provides entertainment. Buyers will be pleased that both regular and hybrid Touring L are offered in the 35th anniversary edition. There are eight seats instead of seven in the regular Touring L 35th Anniversary edition. Compare 2020 Chrysler Pacifica Touring L vs. Touring L Plus Trim Levels. What's the difference? The L Plus has an upgraded petrol engine. This adds to the stop-start capabilities. Pacificas can save fuel with red lights by cutting the main engine and relying on a supporting battery. This increases the city's fuel economy to 19 mpg. You can also choose a hybrid edition. Both offer seven seats with a driver's seat. L Plus adds a power chair for the front seat passenger. This also upgrades it to the possibility of Stow 'n Assist. Drivers get a heated steering wheel, and both front seats have the ability to power and heat. The console has been upgraded with illuminated illuminated stands. Instead of six speakers, passengers are surrounded by 13 speakers. L Plus also upgrades the UConnect system to an 8.4-inch display. This system has HD radio and navigation. The Sirius XM Guardian helps ensure the safety of the minivan. SiriusXM Traffic and Sirius XM Travel Link help the driver avoid slowing down and other snafus. Compare 2020 Chrysler Pacifica Touring L Plus vs L Plus 35th Anniversary Edition finishes. What's the difference? L Plus's 35th anniversary edition is dressed as L 35th Anniversary. This includes nappa and McKinley leather, a framing dashboard, and a special door trim. There are eight locations that allow you to handle carpool duties more easily. Adding a double panoramic hatch where the L Plus 35th anniversary edition really stands out. Compare 2020 Chrysler Pacifica L Plus vs limited finish level. What's the difference? The limited comes in either an upgraded petrol engine or a hybrid engine. It has updated the leather seats compared to the L Plus. It adds heated and ventilated front seats. Its dual HVAC zone is activated Memory settings put the driver's seat right where where Need. Second-row heated seats are also on board. An integrated navigation system will help you find the best route. Children will appreciate the rear ambient lighting and retractable shades of the third row. Everyone will appreciate the panoramic three-pan. This is the only model where it is available. Powerslide doors add the advantage of hands-free. The limited also has a folding back seat. This Stow-n Go bench is easy to use. To keep things clean, parents like a standard vacuum. There is additional lighting on this model. The meadow lamps will help you see the way. The front door search lights are on the right and left for extra visibility. The side mirrors with heated power automatically darken and fold. They have kindly lamps for assistance when walking to the car. They also automatically adjust when the car goes backwards. On the other hand, the Touring L Plus is the only model with the UConnect Theater. It has 10-inch touchscreens and wireless headphones for two mid positions. There are HDMI inputs and additional USB ports on the second and third row. The Blu-ray/DVD player and built-in apps complement your streaming choices. Compare 2020 Chrysler Pacifica Limited vs. limited 35th anniversary edition finishes. What's the difference? When Limited upgrades to the 35th anniversary edition, it gets McKinley Leather, eight seats, and other standards. The wheels can be 18-inch aluminum or 20-inch polished aluminum with stained pockets. The Hybrid Limited 35th Anniversary Edition also comes with this extra content. Compare the 2020 Chrysler S Appearance vs. Red S Appearance Trim Levels. What's the difference? The S appearance package can be added to Touring, Touring L, Touring L Plus, or Limited. This adds a sparkle of black accents to the look. Inside there are light gray accents on black sesame. Anodized ice cave framing dress up the dashboard. Available only on Limited, the Red S Appearance package adds style and technology. He rodeo red Nappa seating. Light grey stitching and piping add accent. A silver metallic brushed look adorns the door and dashboard. External badges wear a velvet red insert. There are black-finish 20-inch wheels and glossy black exterior trim. The Advanced SafetyTec package is on. This gives you a warning about a head-on collision, a system of exit to the lane and assistance to the driver. In addition, harman Kardon's sound system with 13 speakers has been added. Purchase Tip: To avoid overpayment on a new car, shop prices online first. Get front pricing before you walk into the dealership. We recommend the following free services; Car deals, CarsDirect and MotorTrend. These free services will offer you the lowest prices and you have several competing price quotes. You will know the best price before you visit the dealer. Which finish to choose? Big families almost certainly want to Anniversary model. This gives them the added advantage of the seat. It also means that they will get a rear entertainment center. This will no doubt keep children happier on long trips. Techphiles will want L Plus with SafetyTec package. This covers all bases in terms of the latest driver assistance tools. It also brings the entire UConnect package. UConnect Streaming Theater is particularly interesting because you can use your home cable service. Luxury lovers will have to choose Limited with the Red S Appearance package. This provides the most premium look in the lineup, whether you're looking at the look or the interior. Plus Harman Cardon's system surrounds you with sound. It is the only minivan and one of the few three rows with hybrid technology. For large families, this makes the hybrid a likely choice. That would be a great asset to the family budget. It also comes with a \$7,500 tax credit that can cut costs if a family is eligible. This model has a ten-year/150,000-mile warranty. It can even be transferred if you sell the minivan before the warranty expires. If you're worried about charging, you can get a Level 2 charger that can increase your charge within two hours. Hours.
