Emergency preparedness merit badge pamphlet 2018 pdf

Earn a badge for first aid. Discuss with your consultant the aspects of emergency preparedness: Mitigation prevention includes in the discussion the questions that are important to ask yourself when considering each of them. B. Using a diagram, graph, spreadsheet, or other method approved by your consultant, demonstrate your understanding of every aspect of emergency preparedness listed in Requirement 2a (prevention, protection, mitigation, response, and recovery) for the 10 emergencies listed below. You should use the first five situations listed below in bold, as well as any other five of your choice. Discuss your findings with your consultant. Home Kitchen Fire Home Basement / Warehouse / Garage Fire Explosion in The House Car Accident Food Sickness (Food Poisoning) Fire or explosion in a public place Vehicle stalled in the desert vehicle, Caught in a blizzard earthquake or tsunami Mountain /backcountry accident Boat accident Gas leak in homes or buildings Tornado or Hurricane Major floods or flash flood Toxic chemical spills and releases nuclear power plant emergency avalanche (snow or landslide) Violence in a public place Meet and teach your family how to get or build a kit, make a plan, and be informed for the situations on the chart that you have created for the family plan. Then all with your counselor and share your family meeting, discuss their answers and share your family plan. Show how you can safely save a person from the following: Touching a living household electric wire. A structure filled with carbon monoxide clothing in flames. Drowning with invulnerable rescues (including accidents on ice). Show three ways to engage and communicate with rescue aircraft/aircraft. With the other person, show a good way of transporting the victim from a remote and/or rugged area, conserving the energy of the rescuers while ensuring the well-being and protection of the victim. Related: Describe the National Incident Management System (NIMS) and Incident Management System (ICS) Identify local authorities or community agencies that typically deal with and prepare for emergency services similar to those of BATS or ISS. Explain to your advisor how NIMS/ICS can help the Boy Scout Army respond to a disaster as a group of scouts can volunteer to assist in such emergencies. C. Find out who is your community's emergency management director and find out what that person is doing to prevent, protect, mitigate, respond to and recover from emergencies in your community. Discuss this information with your using information you learned from requirement 2b Do the following: Take part in an emergency services project, either real or practice drill, with Scout Scouting or a public institution. Prepare a written plan to mobilize your troops when necessary for emergency management. If you already have a plan, explain it. Tell me your role in making it work. Do the following: Tell us what a group of scouts should be willing to do, the training they need, and the precautions they need to take for the following emergency services: Crowd and Traffic Management Messenger Service and Communications. Collection and distribution services. Group food, shelter and sanitation. Prepare a personal emergency services package for a mobilization call. Prepare a family kit (suitcase or waterproof box) for use by family in case of emergency evacuation. Explain the needs and use of the content. Make one of the following: Use a security checklist approved by your consultant to inspect your home for potential hazards. Explain the dangers you will find and how they can be fixed. Review or develop an escape plan for your family in the event of a fire in your home. Develop an accident prevention program for five family activities outside the home (such as a picnic or movie screening) that includes an analysis of the possible dangers, a proposed plan to address these hazards and the causes of the fixes you are offering. BSA Advancement ID: 6 Requirements Last Updated at: 2018 Brochure Publishing Number: 35888 Foundation Brochure (SKU) Number: 615832 Brochure Review Date: 2015 Page Updated at: 17 Apr 2018 B.S.A.
