Powering Sustainable Health with New Zealand Purity

AstaMAZ NZ LTD

AstaMAZ® is a premium New Zealand brand specializing in natural astaxanthin extracted from *Haematococcus pluvialis* microalgae. Using advanced supercritical CO2 technology, we produce high-purity astaxanthin oils and powders without solvents, ensuring eco-friendly production and superior quality. Our commitment to sustainability includes closed-system algae cultivation with clean water and natural sunlight, reducing environmental impact while delivering potent antioxidants for human health applications.

More Than Antioxidants – Comprehensive Benefits

Astaxanthin is nature's super antioxidant, up to 600 times stronger than vitamin E. It supports:

- ✓ **Heart and Brain Health:** Reduces oxidative stress for cardiovascular and cognitive protection.
- ✓ **Eye and Skin Vitality:** Enhances UV resistance and visual acuity, promoting youthful appearance.
- ✓ **Immunity and Anti-Stress:** Boosts cellular defense, improving resilience in daily life.

Eco-friendly, vegetarian source from New Zealand microalgae, providing complete natural nutrition. Suitable for global markets like North America and EU.

Up to 20% astaxanthin content in oil forms, with customizable blends (e.g., with safflower oil).

AstaMAZ® natural astaxanthin is designed for dietary supplements for humans and animals, supporting **antioxidant defense, eye health, skin protection, and overall wellness.**

We offer **adjustable concentrations** and **forms** to meet your specific formulation needs, such as custom ratios or blends with additional nutrients like tocopherols.

Our products enable potential claims positioned for your plant-based dietary supplements
