

Shannon spent her childhood dancing in Southern Maryland alongside B.Funk's Laura and Joanna. After graduating with a Bachelor's in Nursing from the University of Central Florida (Go Knights!), she began her career in Maternal Newborn nursing at Johns Hopkins in Baltimore. After nearly 13 years of caring for new moms and their babies, Shannon was offered the opportunity to become B. Funk South's Studio Manager. She is so excited to get back into the dance world and see all the wonderful talented dancers. In her downtime, Shannon enjoys spending time with her husband and two daughters whom always keep her on her toes!
