Original Title: All Eyez on Me Year Of Release: 2017 Genre: Drama, Biography, Country Music: USA Director: Benny Boom Starring: Demetrius Shipp Jr., Danai Jecsei Gurira, Caterina Graham, Hill Harper, Annie Ilonze, Lauren Cohen, Keith Robinson, Jamal Woolard, Dominic Santana, Corey Hardrick Duration: 140 min. / 02:20 About that film 2pac: Legend (2017) Biographical musical film has chosen its hero legendary rapper Tupac Shakur, who is famous not only for his performance of skill, but also for the realism of the works of the works. His connoisseurs know the work of the performer very well, but, perhaps, they know little or know almost nothing about his personal life, about what kind of person he was. The film tries to devote the audience to the details of his life, to open before them his experiences and aspirations. The boy had to spend his childhood in the criminal area of the city where he was born, and lived by his parents. Naturally, all this affected his personality. At the time, he was charged with many charges, including involvement in a plot against members of the United States government. Very well knowing life, its different aspects and sides, and the singer did not shy away from the sharp themes in his works. He also sings about cruelty, violence, and various problems of the modern world, including racism. His parents were black rights activists, and he continued this struggle by developing the theme in his songs. Reluctance to bypass sharp corners and problems led to the tragic death of the performer at a young age. 2pac: zenith (2017) Views: 3,019 The question is: 0 Ghetto Inc. / 1996 / No vk@underground 2Pac: All Eyez On Me: 1996 / 27: mp3: 320kbps 1. He actually grew up on the street without getting any education. The main character could not even dream that one day his name will go down in the world history of music. The guy writes songs on his own, reads them, composes music. All his poems about freedom, equality of peoples - it is a kind of message to people that despite the color of the skin, race - we are all people who deserve happiness. He had a huge number of devoted fans who were ready to follow him anywhere, but along with the stunning glory of Tupac there were those who did not share his thoughts. His life ended very tragically - the musician was very young, but his work is still remembered, loved, and the performer is considered one of the most talented people in the world.
