for mac download ...PIXURADE: KEYGEN - The Coolest Application for Windows. i can not do anything else. Keygen is free. PIXURADE is a light weight program that adds some really cool effects to your Windows. Keygen is extremely easy to use and has a very small file size of only 60kb. With this program you can simply search for files on your PC and delete them (if you are not allowed to) or even encrypt them. PIXURADE also has a unique feature of being able to scan and save your contacts on a disk. PIXURADE can even be used as a protection program. You can protect yourself by running a copy of it as well. PIXURADE is also the perfect program for illegal file sharing, because it allows you to easily delete and remove your friend's internet connection. Keygen is small, easy to use, and is very powerful! 10/30/05 - V1.00: - Corrected Keyboard Shortcut. (Most of the time was used by the scan, scan copy, and cancel key). - Fixed bugs. - Removed Ctrl+Alt+Del combination to close the window. 11/05/05 - V1.30: - Updated the PICO-7B driver for NT4 and XP - Updated the PICO-7B driver for NT3.51 - Added a regular expression search option to the PICO-7B search menu - Added a regular expression search engine - Added the option to print results of the search - Added a save as template menu - Added the option to save and open a PNG of the current file - Added the option to pause the scan during it's execution - Added the option to pause the scan if it is already paused (Saved pause state) - Added the option to resume a paused scan - Added the option to go to the next file in the dialog box - Added the option to go to the previous file in the dialog box - Fixed bugs. 06/05/08 - V2.00: - A bug in the AV segment of the application was causing problems with creating new registry entries. This bug has been fixed and the application is up-to-date with the Windows Vista Registry. 08/06/08 - V2.10: - Added AVI to the JPG/TIFF converter options. - Fixed a bug in 520fdb1ae7
