(877) 846-7122 Always improve We like to learn from our doctors and patients. We are constantly striving to improve and provide as much experience as possible. Our core values it's amazing how simple principles can shape who we are and lead us to success. Honesty: Be true to yourself and faithful to others. Tell me what it means and what to say. Trust spurs real success. Respect: Respect for every person, whether employee, client or partner, forms the basis of a valuable and sustainable relationship. It is earned, not required. Responsibility: Treat that we have been entrusted with as our own, and watch it multiply and prosper. Balance: faith, family, work, relationships, health, environment. They're all important. When we seek balance with what we do, it makes a stronger whole. Service: Helping others is in our blood. We serve our customers, our employees and our community. Colossians 3:23 Doctors Supplement Shop needs to avenue new leads and new businesses in a uniquely niche market. Hesitant to invest deeply in digital marketing, the company began slowly, but eventually found a highway to build brand awareness. Our competitors have had at least 20 years to head start us, said Dave Preis, vice president of sales and marketing at the doctors' supplement store. It's not a niche that is easily identifiable when you're trying to market. You can't just buy a list. Solutions With limited resources and bandwidth to make extensive marketing efforts at home, DSS contracts with MultiView, a specialized B2B marketing company, to produce custom email news. While it has provided good value to existing customers, Doctors Supplement Store still needs a better avenue for new businesses and new potential customers. DSS and MultiView implemented a strategy that includes behavioral and persona orientation, as well as re-targeting. In addition, given the importance of exhibitions and conventions, he also attempted geographical orientation (location-based application) at events. We used geotargeting in the larger conference we attended and received quite a few views and clicks on our ads that were running while we were at that conference. We've really seen huge traffic to our site. I would assign quite a bit to MultiView. Getting our name out there and getting people coming to the site was very important.
