Hilary Fields, 19, was charged with possession with intent to distribute after Fairfax County Police searched her high school's campus early on Oct. 4. Police found 20 grams of marijuana on Fields after she was searched at the high school on the 2400 block of Maury School Road. The high school's principal said Fields admitted to being caught with the drug during a meeting with the school's counseling department on Oct. 7. Police said Fields and another student were smoking marijuana in the high school's parking lot when a teacher saw them. Fields was arrested and charged the next day. Assessment of patient comfort with moderate sedation for ophthalmic surgery. To evaluate patient comfort with moderate sedation. Two hundred and thirty-five consecutive patients who received sedation for ophthalmic surgery under topical anesthesia were prospectively studied. The level of sedation was assessed with a scale of 1-10. The level of sedation was defined as 1, no sedation; 2, minimal sedation; 3, moderate sedation; 4, deep sedation; and 5, general anesthesia. For surgery of short duration, the incidence of moderate sedation was high (72%). The distribution of sedation level was as follows: group 1, no sedation (44%); group 2, minimal sedation (25%); group 3, moderate sedation (25%); group 4, deep sedation (6%); and group 5, general anesthesia (4%). Patients undergoing surgery of short duration showed significantly higher frequency of moderate sedation than those undergoing surgery of long duration (p Deirdre Kelly Deirdre Kelly is a Gaelic football player who plays for St. Mary's Gaels and for the Ireland women's national football team.
