

Service Introduction

Send documents for e-signature
the right way

SignTime K. K.

What is an e-Signature?

Simply upload an existing document or use a template, drag and drop the field that the document needs, and presto! You're ready to send and sign.

Securely store completed contracts on your computer or in the cloud.

Before

**Paper contracts
signed and/or stamped in person.**

.....
Requires physical presence in the office and is
a slow-moving process.

Electronic contracting

All-in-one. All online.

.....
Send, sign, return. Saved to your corporate contract
storage space with SignTime.
