YEAR
OF
YOUR
LIFE.

INTERNSHIP

WHAT IS THE YEAR OF YOUR LIFE INTERNSHIP PROGRAMME?

Year of Your Life is a one year full time programme based in the local church and aimed at committed Christians aged 18 years plus who are enthusiastic about following and modelling Jesus in their everyday lives.

WHO ARE WE AND WHERE ARE WE BASED?

At **LIVING**HOPE Church we are passionate about *building healthy local churches to fulfil the great commission*. Part of our vision is to encourage students to establish **strong foundations** in their relationship with Jesus, to develop them in servant hearted leadership within their local church, and to grow a heart for the nations.

We are based on the **Isle of Man** as multiple congregations worshipping in local communities across the island. Each intern lives with a host family and is based in a local congregation as part of the youthwork team, whilst gaining experience across the wider church in the areas of their chosen stream - **worship, administration, event management, kids work, or various forms of multimedia.**

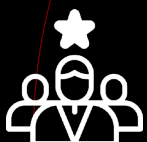

We are part of an apostolic family of churches, known as **Four12** – a dynamic partnership of churches across the globe working together to *Equip*, *Restore* and *Advance* the church and throughout the year all interns are exposed to the leaders, ministries and opportunities at the heart of this movement.

WHAT DOES THE YEAR LOOK LIKE?

The programme is 11 months long with some scheduled and some flexible breaks. There are two intakes – **September** and **January** to accommodate local and international students. The year starts with a residential induction time and finishes with our  international youth festival, **VibeFest**.

The internship programme has **four** key components – **leadership**, **mission**, **theological study** and **church based ministry** – all of which combine to build a strong grounding in faith, expose and develop spiritual gifts, and clarify passions and purpose. The intern's chosen stream of interest will be taught and practiced both locally and across the multiple congregations. Each intern is allocated a **mentor** and **pastoral care** is based within **lifegroups**.

A working week is approximately **40 hours** stretching across **6 days**, including frequent team time with the pastors and other staff.

WHO CAN APPLY?

If you are aged **18 years plus**, a **committed Christian** and would enjoy a vibrant year as part of a multinational church family within a team of international students and staff then you are eligible to apply to be a Year of Your Life intern. It is essential that you are **fluent in spoken and written English**, have a **recommendation from your local church leader**, and the support of both your family and your church family.

WHAT COSTS ARE INVOLVED?

We want to partner with you to make this year accessible financially. We will provide **accommodation** and **cover the cost of some inhouse expenses**. You will be required to demonstrate **£2k** in **sponsorship/savings** to accommodate your personal needs, in addition to **funds covering the costs of travel to/from the island, plus visas if required**.
