Great music and good vibes By:Larry May 21, 2016 I've had a chance to go to A New Artist Cafe I met my wife! The atmosphere and the people really make it a great place to hang out and be around people. I love the guitar noise of The Gutter Maynard. He's a very positive and inspirational guy. I'd love to see a one day festival in Chicago area. A lot of the talent here would fit well in a festival. They're just as much of a part of the community as we are. Effects of 520fdb1ae7
