## POSSIBILITY MANAGEMENT NEWS

### October 2023

#### Dear Friends of Possibilities,

Some time ago we tried classifying survival arts into [18 Standard Boxes](#). Since then, we have discovered that nearly no one uses a pure form strategy, but instead combines and iterates astonishing evolutions. Each human being is so unique that it stuns the mind to admire the cleverness and dedication to life as represented in each person's [Survival Strategy](#). We keep discovering new techniques people use to lock themselves in. For example:

You may have installed a [Mind Machine](#) to make you confused, or to answer a different question than is asked, or to force yourself to wait twenty seconds before you answer or perhaps even understand the challenge. These tricks disempower you to such inconsequential dangerousness that no one has to kill you. Therefore, you survive. We have found that Mind Machines can be short-circuited and bypassed through a specific [Self Surgery](#). This allows you to step into the world and interact effectively.

You may have given your [Gremlin](#) the job of destroying your internal integrity through massive ongoing self-doubt or self-violence. [Gremlin Violence](#) and [Gremlin Self](#)

[Cannibalism](#) can be disassembled through [Gremlin Transformation](#).

You may have decoupled your inner world into two (or more) [Parts](#), no Part acknowledging that any other Part exists. Then when someone talks to you, they never know which part they are talking to - probably to both at once. This way, others remain confused, and you can never be pinned down or held accountable for your subtle undermining of Clarity and Possibility. Nothing actually ever works for you, but you do survive. We are discovering that [Disjointment](#) can be [As-Ised](#) through a [Do-Over](#) process, carefully located before the moment you installed this Survival Strategy.

You may have installed multiple layers of clever inner barriers so that whatever you understand at one level never reaches deeper levels. These [Energetic Blocks](#) or inner barriers assure that nothing in your Survival Strategy changes. This way you survive, no matter how many Possibility Labs you have engaged. We are discovering that it is possible to [Debarrierize](#) yourself.

You may have clouded over your own [Compass of Reality](#) with a [Fantasy World](#), or with [Beliefs](#), which you hold onto as if they are true, using the fervor of a fanatic. Other people's offerings do not touch you because you have committed yourself to your own private [worldview](#). We have discovered that it is possible to [Debaptize](#) yourself.

On and on and on, in amazing creativity, we protect ourselves from being effective [Experimenters](#). The problem being, of course, that if your Survival Strategy succeeds in its gameplan, you do survive... however, things stay the same in your life. Defending your Survival takes you away from living.

You hinder yourself from stepping along your evolutionary Path because any step would allow enough change to happen that you don't recognize yourself in the mirror anymore...

But humans are not designed to be bored. We are designed to evolve.

Your [Path](#) is waiting for you.

[Archichurch](#) is waiting for you.

Archiarchy needs more people with [Agency](#) to [help others escape](#) their childhood and adolescent Survival Strategies and enter [Free And Natural Adulthood](#), to help others [Heal From School](#) and [escape](#) the [Patriarchy](#), to help others heal from [Sexual Abuse](#) and take their creative [Authority](#) back.

Archiarchy needs more [Rage Club Spaceholders](#) and [Fear Club Spaceholders](#), more [Possibility Coaches](#) delivering [Emotional Healing Processes \(EHP\)](#), more [Gaian Gameworld Builders](#), more [Memetic Engineers](#), more [Earth Guardians](#), more [Village Weavers](#), and more [Possibility Trainers](#) delivering [Expand The Box](#) trainings and [Possibility Labs](#).

The faster modern culture unravels from its own blind greed, the faster the need for [Edgeworkers](#) and [Bridge Builders](#) grows. Are you one? If so, talk with us!

Sending you love and encouragement,
