Go around piles of stones, force water obstacles, climb steep slopes and descend treacherous hills. Conquer the roads and become a winner! Game Features:-Great Graphics-Easy Controls-Different Cars-Realistic Physics-Absorbent Multiplayer Server Game - Update Construction Regions It's awesome game to never play before it looks like or drive real car The game was fine until I got to level 38, it's practically impossible for the car you're supposed to use! Instead, I have updated the 3rd car in the game and it only gets in half and then stops, what I think its doing here is making people pay money to get a better car! I don't really enjoy it anymore, review 1 star until hopefully change the map for the level!
