Monster is one of the greatest manga of all time. Only a Monster: The Perfect Edition manga I have read make me forget time and send a chill down my back on every page. Naoki Urasawa combines beautiful art with compelling storytelling for one Monster: The Perfect Edition the most entertaining reads ever. The Perfect edition comes in a 2-in-1 volume format with a wonderful cover, sturdy pages, some awesome color panels and makes a great addition for your shelf.

If you're a fan of the Monster anime, a fan of Urasawa or looking for an outstanding mature drama mystery manga then this Perfect Edition is a must have. I love this series and recommend it to anyone Monster: The Perfect Edition the slightest interest.

The only problem I have is the cash grab by Monster: The Perfect Edition, instead of just reprinting the original single volumes we get this, and yet still no release for the rest of the Monster: The Perfect Edition, which angers me because I own the first box set and will probably never own the whole thing.

Buy this if you haven't bought the single volume release, otherwise don't repurchase this release. All Hail Urasawa!!! The Perfect Edition volumes are very sturdy and the pages are also good quality. Ease of reading and they look beautiful on a shelf. Experiencing Urasawa in any format is amazing, but these 2 in 1s just make it that much better. I have heard so many great things about Monster - from friends to online reviews - so I knew I just had to get it myself.

The perfect editions are absolutely beautiful with the quality paper, detailed art, and the few colored pages included. I jumped into the Monster: The Perfect Edition without ever reading the synopsis and I am Monster: The Perfect Edition I did. The story initially started off slow with the character introductions and story building. Enjoyed the hint of medical terminology and medical background included I absolutely love neuroscience! I was at the edge of my seat after I read about a quarter of the volume and just had to know what was going on.

I think it is a good start to what will be an awesome manga to continue with. Javascript is disabled on your browser.
