Business communication peter cardon

Business communications is at a crossroads as communication technologies change the way people communicate in the workplace. Business Communications: Developing Leaders for the Network World, by Peter Cardon, puts students at the center of business communication through the author's unique emphasis on trust woven throughout the textbook chapter, a forward-looking vision built on traditional concepts as well as a practice and case-based approach. Students are more likely to read and reflect on text and are more empowered to understand the basics of effective and effective business communication, turning them into leaders in the online world. Academia.edu no longer supports the Internet Explorer. To browse the Academia.edu and the wider Internet faster and more securely, please take a few seconds to update the browser.
