## Face2face intermediate answer key

Face2face is a general English course for adults and young people who want to communicate quickly and effectively in today's world. This section of Workbook Answers is available separately from the package, which is a product for sale. Presentation and practice of vocabulary and grammar are of equal importance, and there is a strong emphasis on listening and speaking with a real-world language for social situations. Listening and reading materials open new angles to universal themes, and students are given many opportunities to practice a new language through a wide range of communicative activities, many of which are personalized. face2face is also fully compatible with the Common European Language Reference System and provides students with regular opportunities to assess their progress. Each standalone two-page lesson is easily learned from a page with minimal preparation. Teachers' books contain additional photocopied resources and tests, ensuring that the course can be adapted to the needs of different classes. Each level provides approximately 80 hours of basic teaching material, which can be extended to 120 hours with the inclusion of photocopied resource material and additional ideas in the Master's Book. Student books are packed with free CD-ROM/Audio CD that offers hundreds of extra hands-on activities, video sequences, recording capabilities, customizable texts and more. Awesome textbooks.
