How can I activate the license key using the java API? or is there any API for that? Thanks A: I have found this solution..

```
SimpleDateFormat df = new SimpleDateFormat( "yyyyMMddHHmmssSSS"); String licenseEnd = "20160505125100";
System.out.println("Date to be active license = " + df.format( new Date(licenseEnd))); DataOutputStream out = null;
LicenseKey key = new LicenseKey("abc", "1234567890", new Date(licenseEnd)); try { out = new DataOutputStream(
license.storeLicenseData(key, df, out)); } catch (IOException e) { e.printStackTrace(); }
```

Made with high quality foamed PVC and cotton duck covered in leather, this is a great picnic or camping bag. Very versatile as you can attach it to a car rack or anything else that you can put wheels on. Pick up from your house with your car, or meet us at our workshop, or we can meet you at your house and deliver to your door. Address Unit 71, First Floor, Beach Lane, Headington, Oxford, OX5 1BJ, United Kingdom

**ABOUT OUR STORE** The farm shop was set up by me (Christine) and my husband (Owen) in 1996, after we started growing our own fruit and vegetables, and became the only farm shop in Oxford. We are located in Headington, Oxfordshire, just off the M40. 520fdb1ae7
