

BINOMICS

SALES AND FINANCIAL DASHBOARD

**JUMPSTART YOUR DATA
JOURNEY WITH NO BI
ARCHITECTURE OR TEAM**

Make your business data Driven

①

Easy to use solution for SMBs. No development knowledge required.

Unlock your business's hidden potential

②

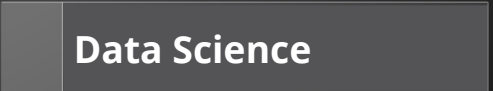

Uncover insights in your own data. Boost your decision making with a new data scope

Multi-dimensional approach

③

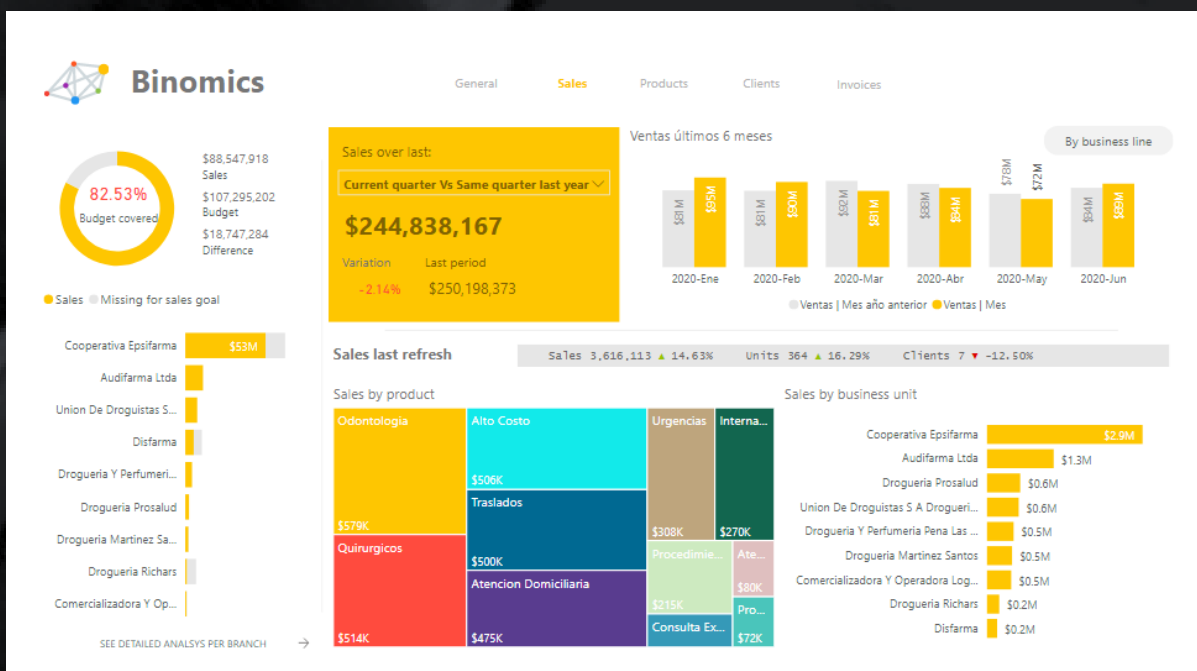

Analyse sales, products, clients, and your overall performance

LEAVE IT TO US!

Our Sales & Financial Analytics Dashboard provides an easy-to-use solution for business users without the need of a technical background.

Once your data is loaded, you will have a ready-to-consume report to boost your business performance and decision making with a new data approach.

MICROSOFT-BUILT

Exploit the capabilities of Power BI's visual analytics and Azure Data Lake's storage capacity to explore interactive reports of your business data.
