You can purchase it as a standalone on PC or it can be automatically downloaded as part of the Definitive Edition. Contents In this article, we will look at all the content which is available as downloadable content for Sleeping Dogs. Make no mistake about it, the Definitive Edition is a complete rework of Sleeping Dogs. The game has a new engine (meaning all of the DLC are compatible with the Definitive Edition), is more powerful, smoother and has many more upgrades. The Definitive Edition includes the main game with the Volition Support Program Update and all of the Volition Content included in the Deluxe Edition. It also includes all of the new Volition DLC released between the original version and the Definitive Edition. Finally, Sleeping Dogs: Definitive Edition also includes the new Sleeping Dogs Online (DSO) multiplayer online features. This article lists all of the free and paid DLC for Sleeping Dogs. If you missed out on any of these DLC, you can find out more about them here. The following DLC and content will be automatically installed in Sleeping Dogs: Definitive Edition when you launch the game after purchase. If you have already purchased the game, you can download the content from the in-game 'Downloadable Content' menu and then install the content on your PC. The Definitive Edition is not a prerequisite for the following DLC. The following DLC can be purchased and played with the main game as it stands. The 'Free' DLC are given away for free. We haven't decided what we're going to do about future DLC, but we hope you like what we release. This list has been compiled by the community, and from the data given by players, and we look forward to your feedback on the content. In this section, we'll look at all of the DLC released so far for Sleeping Dogs, whether it's free DLC or DLC that you have to pay for. Some of the DLC include items you can use to customise your character, but many of the items can be applied to any Sleeping Dogs character as they appear in the game. Most of the following DLC items will also be available in the main game.
