Quickly find sounds by timbre-style instrument type or sculptor from your entire VST library. From live performances to studio productions, the intuitive functions of VIP, coupled with a wide range of features, guarantee integration into your existing settings simple and smooth, and provide the best platform for unlimited creative expression at MPC 2.0 UPGRADE READY (optional) We are pleased to announce that the highly regarded MPC 2.0 software upgrade is available for purchase for your MPK, which enhances the capabilities and functionality of MPC Essentials included. To view your upgrade path, click here the MPC 2.0 software is a modern production suite combining the ability to rank 128 real-time stretch tracks, clip launch function, advanced MIDI editing capabilities, VST compatibility in control mode, working as a standalone application on Mac & Mac. Whether you're looking for freedom from computer-based music production or finding the perfect controller for creative exploration, the DAW-centric MPC 2.0 software provides the ultimate in adaptive creative versatility. The new MPK mini is a ultra-compact keyboard controller designed for traveling musicians and desktop manufacturers. With a wide range of hardware controls, MPK mini allows you to save, write and process with virtual tools, plugins, effects and DAWs whenever inspired. Synth-action buttons, 4-way thumbs for dynamic and adjustable field management, 8 speed-sensitive MPC pads and 8-q-link knobs. Get a Creative MPK mini, including all the essentials for putting down quickly and expanding your musical ideas. The Octave Up and Down keys specifically add the keyboard to a full melodies range, and a sustainable pedal input is built for playback and recording, expressing an onboard arpeggiator with range resolution and adjustable mode, making it easy to create complex melodies with little effort. In addition, MPC Note Repeat and Full Level provide users with access to genuine technology from Akai Professional's Plug&... MPC workstations. Supports Plug and Play connections with USB-MIDI and power up with the same USB connection as your Mac or PC. The four memory banks allow you to store hardware/software presets for quick and easy setup of your computer and MPK mini. Additional mpk mini software integration comes with professional production software and virtual tools for instant music creation. Hybrid 3, by AIR Music Tech, Wobble's SONIVOX is an electronic music synthesizer that has two independent channels of spectral synthesis morphing with harmonic control, personal filtering and LFO control, separate MPC Essentials, groove production/hit and sample retrieval software, allowing manufacturers and musicians to integrate genuine MPC workflows into selected DAW and expand the power of MPK mini-bank discs. In addition, MPC Essentials also works in standalone mode so you can start creating music without having DAW MPK mini MIDI Editor unlock the true potential of your mini MPK with MPK mini MIDI Editor software. Create and customize presets for your favorite virtual tools, plugins and DAWs, then store them in your mini MPK. AIR Music Technology and MPC are registered trademarks of inMusic Brands Inc., which is registered in the United States and other countries, inMusic is a special distributor of SONIVOX ENDEFRESITPage 2 ENDEFRESITPage 3 ENDEFRESITPage 4 ENDEFRESIT 5 ENDESITPAGE 6 o Incl (included): Notes Les eront de la basse à la hautees, puisste reddront. Goodbye Note, goodbye plus bass et la Max is played twice during the o-not-included (exclusive) direction change: Notes play from lowest to highest, then down. The lowest and highest points are played only once during the direction change o sequence: notes are played in the order in which the rand o play (random): o Latch: Arpeggiator will continue to record arpegiate even after you lift your finger While keeping the button down, you can add additional notes to the arpeggio by pressing the other buttons, if you press the release button on them, then play a combination of new notes, arpegiator, memorize and arpeggios, these new notes Octavian: Octave Arpeggio Octave Range (Arp Oct) of 0, 1, 2 or 3 swing octaves: 50% (no swing), 55%, Tap Tempo: Tap this button at the desired tempo to adjust the tempo of the arpegiator, the minimum number of taps required can be changed in MPK mini Note: This key is disabled when arpeggiator syncs with 7 X-Y controllers: this 4-axis broom sends a MIDI bend message or a continuous controller (CC). X-Y 8.Sheet: These discs can be used to trigger drum sounds or other examples of their software. You can use MPK mini Editor, which can be downloaded for free to send MIDI messages to sheets of both banks. This key allows you to switch between the banks of sheets A and B. You can use MPK mini Editor, which can be downloaded for free to send MIDI messages to the sheets of both banks. Prog Change: When this key is enabled, the MINI MPK disc allows you to send a MIDI change message instead of a note-enabled text. 12. Full level: When full level mode is enabled, the disc usually plays at maximum speed (127). Regardless of the force, they are hit of 13.repeat recording: maintaining this key while pressing the pad button allows you to retrieve the sheet again according to the settings. Boutons assigned: Chaque bouton rotatif 270o envoie text CC Vous pouvez utiliser le MPK mini Editor, rechargeable grating, afin d'affecter les 15. Pour the program sélectionner, do not le numéro est imprimé au-dessus de cette touche (Prog 1, Prog 2, Prog 3 ou Prog 4) Page 7 ENDESITPAGE 8 ENDEFRESITPAGE 9 or include (included): Minimum and maximum note sounds twice in o Excl (Exclusive): Record sounds from lowest to highest, then return to the lowest level. Notes sounds lower and higher only once in sequence: notes in a pressed order or Rand (random): The notes sound in random order o engraved: the arpeggiator still arpeggiate notes even after he lifts his finger. While pressing and holding the button, you can add additional notes to the arpeggiated chord by pressing the additional button. If you press the Release key and then press a new set of notes, arpeggiator will recognize and write new notes. • Octave (eight): Range of octaves of arpeggio (Arp Oct) of 0, 1, 2 or 3 octaves • Swing: 50% (without swing), 55%, 57%, 59%, 61% or 64% 6. Tap Tempo: Tap this button gently at the desired tempo to set the tempo of the arpeggiator, the minimum number of visits required will be programmed in the MPK editor. You can download and use the mpk mini editor for free to define midi messages sent by each sheet (from each bank sheet). Press this button to switch the mini MPK disc between bank disc A and bank disc B, you can download and use the mini MPK editor for free to assign midi messages sent by each sheet (from each bank sheet) 10. When this button is active, the MPK mini pad sends a MIDI CC message instead of midi note on the message. en lugar de mensajes de nota MIDI activada (MIDI Note On) Puede descargar y leverage de forma gratuita el editor del MPK mini para asignar el mensaje de cambio de programa que envia cada pad. 12. Repetición de nota: Mantenga pulsado este botn mientras alpea un pad, para hacer queispare unrit 0. Puede descargar y take advantage de forma gratuita el editor del MPK mini parasignar el mensaje de cc que envia cada perilla 15.ón y pulse pad 5, pad 6, pad 7 o Pad 8 para seleccionar el programa cuyo número está impresma de ese pad (Prog 1, Prog 2, Prog 3 o Prog 4) page 10 ENDEFRESITPage 11 ENDEFRESITPage 12 o Random Rand (O): O Latch: Arpeggiator will continue to arpeggiate notes even after you lift your finger. While pressing and holding the button, you can add additional notes to the arpeggiated chord by pressing the additional button. If you press the release button and then press down the combination of new notes, Arpeggiator will recognize and arpeggiate new notes • Octave: Octave Arpeggio (Arp Oct) range of 0, 1, 2 or 3 octaves • Swing: 50% (no swing), 55%, 57%, 59%, 61%, or 64% 6. Tap Tempo: Tap this button at the desired rate to set the desired arpeggiator tempo, the minimum number of taps required to be programmed in mpk mini Note: This button will be disabled if arpeggiator syncs with external clock 7. You can use mpk mini editor for free downloadable to determine what each MIDI text sheet (in each bank sheet) sends 9. CC: When this button is active, the MPK mini pad sends a MIDI CC message instead of midi note note on message. Level: Press this button to enable or disable full level mode, the disc usually plays at maximum speed. (127) Whether you press hard or soft 13.Repeat note: Press this button while striking the sheet to allow the sheet to be re-tried at a rate based on the current stroke and time setting section of 14.The given knob: each 270° ic's medium messaging knob can use a small MPK editor that can be downloaded for free to determine what each CC message 15 send. Prog Select: Press this button and press Pad 5, Pad 6, Pad 7, or Pad 8 to select a program with numbers printed above the sheet (Prog 1, Prog 2, Prog 3, or Prog Page 13 ENDESITFRESITSIT.
