On the list of installed programs, look for Aiseesoft PDF to SWF Converter 3.0.36, click on it to uninstall the program.Q: android facebook login and async task not working I am trying to log in with the Facebook SDK on Android and have ran into some problems with my async task. I am not able to get the postMessage back to the LoginActivity. Any idea how to solve this? Thanks!

```
public class MainActivity extends Activity { private TextView mMsg; private EditText mEmail; private EditText mPass; private Button mLogin; private TextView mLoading; private Session session; private AccessToken accessToken; private String authToken; private int pagenumber = 1; private ProgressDialog progress; @Override public void onCreate(Bundle savedInstanceState) { super.onCreate(savedInstanceState); setContentView(R.layout.activity_main); mMsg = (TextView) findViewById(R.id.message); mLoading = (TextView 520fdb1ae7
