Choć nie jest brawniest, on ma te niebieskie oczy; a potem jest ten szkocki akcent, bardziej Sean Connery niż Shrek, z nutą Craiga Ferguson, aby poinformować, że ma poczucie humoru. Rzeczywiście, McAvoy, 34, wydaje się cieszyć się. Mniej więcej w czasie, gdy jego przełomowy film, The Last King of Scotland z 2006 roku, ustanowił go jako potężną obecność, zdobył również poza ekranem, poślubiając brytyjską aktorkę Anne-Marie Duff. Teraz mieszka w Londynie z synem, para pozostaje zaciekle ochrony ich życia prywatnego, ale McAvoy jest znacznie swobodniej na ekranie, jako detektyw badass w Welcome to the Punch (obecnie) lub pokazano jego nagi tyłek (nie do serious gravitas) in this spring's Trance, a thriller about a stolen image and amnesia who knows where it was tinged up... if only he remembered. Great Scotsman! ELLE: You considered entering the priesthood as a young man. Have you been willing to rendeme celibacy? James McAvoy: Yes, I thought I'd give him a buzz. I wanted to be a missionary and work abroad, but girls began to become a bigger part of my life at a time when I had lost interest in the priesthood. ELLE: Have you always been good with women? JM: The girls didn't really interest me until I was about 14. But I knew how to talk to them very quickly. What I came up with is that my friends don't- then you have to talk to women as you're not constantly trying to have sex with them. It seemed to work. ELLE: You ride motorcycles. Is this the beginning as a way to impress women? JM: No. You should see my motorcycle. Google the 2001 blue Honda Hornet 600 and you'll see how uncool I look on my bike. ELLE: You're known for your blue eyes. Has there ever been a time when they got you out of trouble? JM: Well, I'm an actor. And I can cry on a drop of a hat. ELLE: Do you have faked crying to get out of the argument? Give me a story. JM: I can't. This will make some people feel bad. ELLE: Has a woman ever made you really cry? JM: Yes, absolutely. Tonnes. Because we parted, or because they deceived me. I cried a lot because of women. I cry a lot as a person. ELLE: Who would deceive you? JM: Everyone was deceived, right? ELLE: Have you learned anything from infidelity? JM: Just don't try to absorb a dead horse. ELLE: It's very developed thinking. What was your early relationship like? JM: I learned something from a series of failed relationships. You can't see the pattern quickly. You see it over time. I learned to stop jumping at the first signs of attraction. ELLE: What does it mean to get too serious too quickly? JM: No, no. As soon as you're attracted to someone, you go for it if it's a good idea. In fact, just hanging out and getting laid out. But in the end I met a person in whom I am in love and with whom I want to spend the rest of my life. ELLE: You married in 2006. How do you know it's true? JM: You never know it's right. I don't think it's been a good time. There are many people where you can fall in love forever. Marriage is a continuous thing, man. You're still working on it. But it's exhilarating. And exhilarating. I don't care if people live without a marriage certificate. It's just about people, somehow, speaking to myself, I commit to you. I will help you in this life. We are not in this room for the next 20 years by accident. We're here because we mean it. ELLE: What's the most romantic thing you've ever done? JM: I don't know. I've done a lot of stupid. I think the most the thing you can do is just tweak it. Turn up when it's difficult You. Travel halfway around the world or just up the road. Whatever it is, just be there. ELLE: You have quite explicit sex scenes in Trance with Rosario Dawson. Did you first discuss this with your wife? JM: No. Anne-Marie and I are actors. We never tell each other when we have to do something kinky. We keep it to ourselves. I had to kiss a little today. It's fine. It's just embarrassing and awkward. ELLE: Actors always say love scenes are awkward. But when Rosario walks in the room, naked- JM: It's so awkward! You sit there, going, Okay. Don't see. Do not move your mouth. When they say action, you play it truthfully. Previously you don't want anyone to feel like they're ogled, so I'm just sitting there on the bed with all this. I hope people are respectful of me as well! ELLE: Over the years, people have been asking you what it's like to kiss Angelina Jolie in Wanted. JM: [Laughs] Ask her what it's like to kiss me, fucker! That was my answer quite a bit. I remember the camera crew was very excited and excited on my behalf. Guys, it's just a kiss on screen. Calm down. Everyone was in love with her. But it was another day at the office. ELLE: Nice office. Do you see yourself as a sex symbol? JM: No, not at all. In general, I play a guy where he is a bit like: yes, he is not unattractive, but it is not his appearance that makes the leading girl want to be with him, so much so. That's how I always feel in my head. I feel like I'm running away with more than what I've been given. Did you like this story? Download it for the first time when you sign up for ELLE magazine.
