

Kerri grew up in Calhoun County, West Virginia, where she developed a love for the performing arts as a vocalist, instrumentalist, dancer, and actor, participating in her high school choirs and bands. She traveled across the United States performing with her local Teen Leaders and 4-H groups and continued her passion for performing throughout college.

Her love for the arts came full circle when her two daughters began dancing at Dance Depot at just two years old and later moved to B Funk Dance Company as teenagers. For 18 years, she proudly embraced the role of dance mom, living in a world of practices, rhinestoning, competitions, and unforgettable performances. She has loved every minute of being part of this dance family and is thrilled to continue her journey at B Funk as a member of the office staff.
