Algebra 1 functions domain and range function notation worksheet answers

Common core standard: HSF-IF. A.1 Download If you see this message, it means that we are having trouble downloading external resources on our site. If you're behind a web filter, please make sure the domains no.kastatic.org and no.kasandbox.org unlocked. This is a two-way practice page over functions, domain and range and notation function. The front (12 questions) asks the student to determine whether the schedule (discrete or continuous) function or not. Then they have to find the domain and range of each of them. On the back, the student is given a linear equation and asked to find a table of values and then a graph. Then find the domain and range. Bottom asks them to find specific values in notation functions from the equation. The key is on.
