

BRADLEY D. FISHER

PARTNER

FISHER, BREN & SHERIDAN, LLP

PROFESSIONAL PROFILE

Brad's practice focuses on construction law, product liability, premise liability, environmental & pollution, toxic tort and mass tort litigation. With a degree in mechanical engineering, Brad understands the technical nature of product liability and construction claims, and catastrophic losses. He has lead many catastrophic loss investigations, including grain bin collapses, electrical and mechanical failures, propane explosions, failures at chemical processing plants and power plants, and failures at data centers.

Brad represents small and large contractors, builders, and developers in construction disputes, employment issues, contract disputes, construction delays, and mechanic lien claims. Brad also represents architects and engineers in professional liability claims.

Brad represents numerous product manufacturers in litigation across the country. He consults with equipment manufacturers on proper warning labels, instructions, and manuals. He has litigated multimillion-dollar cases in both federal and state courts involving both personal injury and property damage claims.

Brad holds the rare distinction of being one of only 23 lawyers ranked by Chambers USA for Construction Law in Minnesota, a recognition he has earned from 2023 through 2025, reflecting his exceptional standing in the industry for handling construction disputes and insurance defense.

He has achieved the highest possible Martindale-Hubbell rating for legal ability and adherence to professional standards of conduct, ethics, reliability and diligence.* Brad has been included in the Minnesota Super Lawyers® list by Minnesota Law & Politics magazine in the area of Construction Litigation.

Brad is a member of the Minnesota Defense Lawyers Association, Defense Research Institute, American Society of Mechanical Engineers, and The Claims and Litigation Management (CLM) Alliance.
