Hello Everyone,

The children have done so well to settle this term, build friendships and make huge progress in different areas already.

This week we have been exploring magnets, building London towers, mark making on the whiteboards, playing with shapes, getting mucky in the mud kitchen, playing at mechanics with the trikes, balloon painting, serving their friends in the café, digging in the forest garden, pouring and scooping, enjoying tennis with Tom and playing with the cornflour goop. Without knowing it, they have been learning.... to take turns, build relationships, develop confidence, solve problems, share, count, communicate, measure, balance, develop hand eye coordination and fine motor skills, listen to instructions and be creative amongst other things. But let's just stick to saying that they have enjoyed playing.

Next term we will be learning about vehicles. Yellow group will go on an outing to do a traffic survey at the end of the week

As part of our duty to safeguard our children and families and to keep you informed, we will be sending out an email with our updated policies attached. We ask that you read these and sign the sheet on the registration trolley. These policies are also available on our website.

Play idea for the weekend:

PUPPETS The children enjoyed having the puppets out to do puppet shows this week. Why not have a puppet show at home? Use teddies or socks if you do not have puppets. You could model making up a story for your child and encourage them to join in.
