Hope for the Destitute

And the King will answer and say to them, "Assuredly, I say to you, in as much as you did it to one of the less of my brethren, you did it to me". Matthew 25:40

Greetings in the Name of our Loving Savior, Jesus Christ, March 1, 2022

From Kenya: "Happy New Year?? We would like to give thanks to the Lord for His grace that has allowed us to see another year despite the global pandemic having plagued us for most of last year. We would like to give thanks for all the accomplishments that He has achieved through our joint efforts during 2021."

1. The Borehole was dug and the well is reality. Learning continues now without the children going to get their own water from a distance away.
2. Desks were purchased. The school was able to comply with the government educational office's requirements – AND they each have their own desks! Luckily they kept the others to do work on as well.
3. The Fence of iron sheets was completed to improve school security.
4. Grade 8 transition to high school was accomplished by taking government tests by 16 of the students. Large accomplishment in an atmosphere of COVID.
5. Major repairs were made to classrooms, kitchen and other buildings that house some children.
6. More sponsorships were taken of the children. This is helped much!
7. Though the year was tough with the pandemic, they are thankful that they are in good health.
8. Pastor Paul's house is now a reality. He sends sincere gratitude to all helping him buy land and build his home. He and his family are overjoyed!

THANKS to all who supported Hope for the Destitute (HFTD) with their prayers and donations. YOU make a difference!

Children are happy and healthy – and having a good time on the playground. (See the fence in the background?)

Hope for the Destitute

And the King will answer and say to them, "Assuredly, I say to you, in as much as you did it to one of the less of my brethren, you did it to me". Matthew 25:40

Dorothy Ndalo is a kindergarten teacher and she is holding her son during a lunch break.

The last term of this academic year ends in February. Jesus' love has been taught and shared with 110 students. Eighth graders (17) will take the government exam for high school then.

Pastor Omolo is in good health. His eye is clear of infection. He is waiting on a cornea so it can be transplanted, but he is able to work until then. He is hoping to come to the US in May of 2022.

HFTD is working on fulfilling government regulations regarding tablets and computers. They also must build a house within their camp for a teacher to stay. They have purchased 10 tablets (at $300) each and are hoping to get 20 more. Because they had to buy the tablets, they are behind in paying suppliers by about $1500USD and 2 months of teachers' salaries. So please consider a tax deductible donation or consider sponsoring a child. It is only $50 a month or $600 a year. And THANKS so much for those of you who already do that!!

Student in the spotlight:

Angeline is in the 4th grade. She's 13 years old. She is the 5th born of 9 kids. She's the only child who is getting an education. Her mother Rose Juma is mentally handicapped and her father is deceased. Angeline loves to cook and wants to be a teacher.

Please indicate "HFTD sponsor" or "HFTD donation" in the memo section of the check.
